FINANCE DEPARTMENT

RESOLUTION

No. 1F/EV/F/RE-IE-1/66.—31st May 1966.—In the year 1962, a Research and Evaluation Wing was set up in the Finance Department with a view to take up the work of evaluation of different Plan schemes of the State Government. Also, by Resolution No. 16311-F.D., dated the 26th June 1962, the Governor was pleased to constitute a Board—the West Bengal Evaluation Advisory Board—attached to the Finance Department to provide advice and guidance to the Evaluation Organisation. For various reasons, this Evaluation Organisation could not embark upon a regular programme of evaluation of Plan schemes of this State. In November 1964 a Directorate for comprehensive evaluation of Plan schemes was set up in the Development and Planning Department. It has, therefore, become necessary to modify the Evaluation Organisation attached to the Finance Department.

2. The Directorate of evaluation under the Development and Planning Department is concerned with evaluation and assessment of the work of implementation of different Plan schemes of different Departments of the State Government. There is, however, a definite need for evaluation of the commercial and semi-commercial enterprises of the State Government from the financial angle in order to ensure due and reasonable returns from these enterprises.

3. Accordingly, the Governor has been pleased to order the setting up of a permanent Evaluation Unit under the Finance Department. This Unit will be concerned with evaluation of the commercial and semi-commercial enterprises of the State Government from the point of view of their economical and efficient operation and contribution to the State Exchequer. Apart from periodical evaluation of their working, the Unit will render necessary help and advice to these enterprises in financial and accounting matters.

4. The Governor is also pleased to direct that the West Bengal Evaluation Advisory Board set up under the Resolution No. 16311-F.D., dated the 26th June 1962, be abolished. In its place, the Governor is pleased to constitute a permanent Committee of Evaluation consisting of the following members:—

(1) Financial Commissioner and Secretary, Finance Department—Chairman.

(2) Special Officer and ex-officio Secretary, Finance Department—Member.

(3) Joint Secretary, Development and Planning Department,

Or:

Director of Evaluation, Development and Planning Department—Member.

(4) Dr. B. Dutt, Secretary, Education Department—Member.

(5) A Deputy Secretary of the Finance Department to be nominated by the Financial Commissioner and Secretary, Finance Department—Member-Secretary.

In addition, the Committee may co-opt such other officials and non-officials to serve as Members as may be necessary.

5. The Evaluation Committee will be attached to the Finance Department. Necessary Secretariat facilities will be provided by the Evaluation Unit of the Finance Department.

Order

Ordered that the Resolution be published in the "Calcutta Gazette" and copies thereof forwarded to the Chairman and Members of the Committee.

Ordered also that a copy of this Resolution be forwarded to other Departments of this Government, Commissioners of Divisions, District Magistrates and Deputy Commissioners.

By order of the Governor,

J. L. KUNDU,
Financial Commissioner and Secy.

AWARD

This is an application under section 33A, Industrial Disputes Act, by Shri Kalipada Mondal, a workman of Messrs. Alliance Engineers Private Ltd., a party to the omnibus engineering reference covered by G O. No 3537-IT.. dated 6th August 1962, complaining of his alleged wrongful, illegal, unfair and mala fide dismissal against the principles of natural justice during the pendency of the adjudication proceedings of the said reference.

The company appeared on being served with the notice of the application and filed its written statement in due course.

After necessary preliminary proceedings and some adjournments, the case was finally fixed for hearing on 29th April 1966. On that date, the parties filed a joint petition of compromise setting out therein the terms upon which the dispute had been amicably settled between the parties and praying for a compromise award accordingly. There was a provision for payment of a sum of Rs. 740 to the workman in the terms of compromise and it appears from the record that the workman received this sum. Present for the Society : Shri K. K. Maitra, Vice-President of the Assam, West Bengal, Orissa and Bihar Employers' Association.

AWARD

This is a reference by the Government of West Bengal in its Labour Department, order No. 1636-I.R. 1R/11L-14/64, dated 4th May 1965. This is for adjudication under section 10 of the Industrial Disputes Act of an industrial dispute existing between Messrs.Marwari Relief Society, hereinafter called the Society, and its workmen represented by Marwari Relief Society Hospital Workers' Union, hereinafter called the Association.

2. Facts may be stated. Shri Rameswar Ram was a permanent employee in Society's hospital. He remained absent from his work from 19th November 1962 to 21st November 1962. He applied for leave for those days as his wife was severely burnt and was admitted in the Society's hospital. The Society charge-sheeted him on 23rd November 1962 for his remaining absent from duty from 19th November 1962 without permission or leave previously sanctioned (vide Ext. 1). He replied to that by Ext. 2 on 26th November 1962. The company thereafter, held an enquiry into the charge-sheet. He was held guilty by the Enquiry Officer. The Society dismissed him from service with effect from 26th December 1962. The Association states that there was no enquiry, that the charge was false, that the action of dismissal was mala fide, illegal and vindictive. The prayer is for reinstatement with recovery of back wages, etc.

3. The Society in its written statement stated that the workman was in the habit of absenting himself from work without leave or permission, that on many previous occasions he was warned or excused on such charges being proved when he pleaded for mercy, that on this occasion he remained absent from work from 19th November 1962 to 23rd November 1962 without notice or leave; that he did not reply to the charge-sheet, that an enquiry was held into the charge-sheet in his presence, that on the evidence and documents produced at the enquiry he was found guilty of the charge; that the charge was for gross misconduct, that he had therefore been dismissed; that in the holding of the enquiry principle of natural justice was not violated and there was no illegality, victimisation or mala fide.

4. The issue is :—

Whether the dismissal of Shri Rameswar Ram is justified? To what relief, if any, is he entitled?

5. Ext. 1 is the charge-sheet. The charge was that Shri Rameswar Ram remained absent from duty without notice or leave from 19th November 1962 to 23rd November 1962, and, that such absence from duty, in view of his previous conduct of absenting from work without leave or permission, amounted to gross misconduct and breach of hospital rules and discipline. The question is whether that is 'misconduct' or major misdemeanour, and whether for such lapse, a workman may be dismissed. The Society did not produce or prove its certified Standing Orders. Nor it said that they have any. That being so, Model Standing Orders are applicable under section 12A of the Industrial Employment (Standing Orders) Act, 1946 "Habitual absence without leave" is a misconduct for which dismissal may be ordered—vide para. 14(b)(v) of Bengal Industrial Employment (Standing Orders) Rules, 1946.

5. The next matter for consideration is whether he absented from duty from 19th November 1962 to 23rd November 1962. It is admitted that he did not do duty for those days. Did he absent himself without leave? The workman said that he applied for leave. The Society said he did not. In his explanation, Ext.2, he stated that he applied for leave on 19th November 1962 and that one Shri J. N. Dubey received that In his presence the Enquiry Officer Shri B. Sethi

examined witnesses including the said Shri J.N. Dubey. He then concluded that he was thoroughly guilty of charged 'misconduct' (vide Ext. 6). He directed the management to "deliver a copy of his report" to the said employee. Then, by letter, dated 26th December 1962, the Secretary of the Society dismissed him, and, therewith (and not before) sent him the Enquiry Officer's report (vide Ext. 5). It is said that the enquiry was vitiated because the Enquiry Officer proceeded on the footing that the workman did not reply to the charge sheet and misdirected himself. It was further stated that the Enquiry Officer did not consider the evidence before him but misled himself acting on an alleged admission of workman's guilt in total disregard of facts placed and proved before him. The Enquiry Officer stated in the second para. of page 2 of his report, Ext. 6, that the employees "failed" to give any explanation in writing. He either ignored Ext. 2 or was not supplied with Ext. 2 by the management. Thus he started on a wrong track from the beginning. Had he seen Ext.2, he would have noticed that the workman's plea was that his application for leave from 19th November 1962 was submitted to Shri J.N. Pandey on 19th November 1962. Though the Society took this explanation, Ext. 2, under receipt, Ext. 2(a) bearing its seal, yet the Society gave the notice of enquiry, Ext. C of 29th November 1962, to the workman where the Society expressed its mind and bias in these words " You have failed to..charge-sheet". The enquiry was certainly vitiated.

6. The Enquiry Officer writes in his report that the workman admitted that he did not reply to the charge-sheet. There could not have been such admission for there was Ext. 2 of earlier date. That shows that the admission was either incorrectly recorded or that under mistaken notion the workman said that. At least the workman proves by Ext. 2 that such admission, if any, is wrong and cannot be acted on. The Enquiry Officer in his evidence here stated "I found him guilty mainly on his own admission". This shows that his report was not based on any consideration of evidence. The admission he relies on was recorded by him at page 3 of his enquiry report. It has already been shown that the said recording is either incorrect or wrongly made. Besides, it has been shown that the admission is against facts. So that is of no value. He could not have said that he did not apply for leave, for he did apply and said so in Ext. 2. The receipt for his leave application is Ext. 9(a). Copy of his leave application is Ext 9. Shri Dubey who signed Ext. 9(a) gave evidence before Enquiry Officer. He did not say he did not receive the leave application. He said this that Shri Ram informed him he would apply for leave. It is improbable that the workman, conscious that he would have to apply for leave and expressing that he would do so, would not have done that. Another patent fact is that the workman's wife was in Society's Hospital for burn injuries from 18th November 1962 to 14th December 1962, vide Ext. 10. He said that he could not come to work for that for those days. He was certainly there during the period. That fact, coupled with the fact that the Society examined Shri J. N Dubey, would show that the Enquiry Officer misconducted himself in basing his conclusion on such alleged admission. Significant is another fact that the workman stated on 1st December 1962, vide Ext. 4, that he was apprehensive of fair treatment from Shri Sethi. The Society got that under receipt Ext. 4(a). Could such a person make an admission as recorded by Shri Sethi at page 3 of his enquiry record? As soon as he got letter of dismissal and report of enquiry Ext. 5, the workman protested by Ext. 7(vide receipt Ext. 7a) and letter Ext. 8 and receipt Ext. 8(a). The entire enquiry was vitiated, dismissal resting on that report cannot stand.

7. The Society to strengthen its stand relied on letter Ext. IV, dated 15th February 1963. It was said that the workman had admitted this there also. But an admission subsequent to dismissal, even if made, would not be of any justification to say that the charges in Ext. 1 had been proved.

8. The next question is whether the Society has proved by evidence given before this Tribunal that the charge is established. The Society has not given any evidence here. Shri Ram stated here that he informed the Society by application of his wife's burns. On the evidence before this Tribunal it cannot be said that the charge is established.

9. It is true that previous to 19th November 1962 he remained absent without leave on 2 or 3 occasions and each time was pardoned on his craving for mercy. He said that this time also he was asked to sign on a paper and to report for duty on the next day. He said he complied with that. Shri Sethi said that the workman gave a written statement to him on the date of enquiry, Ext. D. If he really gave that, it was not very likely for him to again take down his oral statement. Shri Ram can just write his name. It was not possible for him to write Ext. D. Somebody wrote that. But none was examined to say here to say that he wrote Ext.2 as dictated or spoken to by Shri Ram. This Ext. D should be conconsidered and read in the context of Ext. 4. The enquiry was vitiated having proceeded on admission proved to be wrong and against facts, and not on evidence recorded there. Dismissal is not justified.

The question is what relief is the workmen entitled to. It is proved that this workman had in the past a few times absented himself from work without notice or leave and was excused as a matter of mercy. That seemed not to have any corrective effect on him. He was a ward boy in a hospital. For a person in such employment such absence would rightly induce his employer to lose faith in him and in the due discharge of duties by him in future In these circumstances, the Tribunal thinks and is of opinion that reinstatement is not called for. The Society shall, in lieu thereof, pay him 4 months' wages in lump.

In the result, the Tribunal answers first part of the issue in the negative and directs the Society to pay him 4 months' wages in a lump in lieu of reistatement besides his provident fund dues etc., if any.

On receipt of the order of reference usual notices were served on the parties and they appeared and filed their respective written statements.

In the written statement filed on behalf of the union it has been stated that in the factory there is a leftist trade union representing a small section of workmen. All the leftist trade union organisations gave a call for general strike on 24th September 1963. The workmen of the company represented by the leftist trade union in pursuance of the said call struck work on 24th September 1963. But the workmen mentioned in the list were not believers in the efficacy of the said strike and with the intention of doing their day's work reported for duty. They found that there was no disturbance in the factory gate and were willing to do the work but were not allowed to join their duties by the management. The management was thus solely responsible for stoppage of work on 24th September 1963 by the concerned workers, but still the management had deducted their wages for that day. This non-payment of wages for that day by the management was unjust, unfair, illegal and mala fide. The management has also illegally and without any justification terminated the service of Shri H. S. Khan, a permanent workman of the company. On a false charge-sheet, dated 27th May/11th June 1963 as Shri Khan, a member of the executive committee of the employees' union, had refused to comply with the management's direction to sever his connection with the union. The union stated further that the enquiry on the charge-sheet which ultimately led to the dismissal of Shri Khan, was a pretended enquiry in which Shri Khan was not given reasonable opportunity to defend himself. The union, therefore, prays that the workmen mentioned in the list annexed to the order of reference be paid their wages for 24th September 1963 and Shri Khan be reinstated in his permanent post with all back wages and allowances for the period of his wrongful non-employment.

In reply to the union's case as stated in its written statement filed in this case, company filed its own written statement on 5th May 1965. In its written statement filed, the company denied the union's allegations that the workers mentioned in the list annexed to the order of reference, had reported for work on 24th September 1963 but were not allowed to join their duties and averred that these workers had intentionally absented themselves from duties on that date. The company also denied the union's allegations that it has illegally and without any justification terminated the service of Shri H. S. Khan and submitted that Shri Khan had been dismissed after a proper domestic enquiry as he was not only neglecting his duties in the company but was acting to the detriment to the interest of the company. The company stated further that the enquiry on the charge-sheet served on Shri Khan was fair and proper and was conducted in the presence of Shri Khan. The dismissal of Shri Khan was in these circumstances just, proper and bona fide and not for any extraneous consideration. On these grounds the company resisted the union's case for wages for 24th September 1963 for the workers mentioned in the list annexed to the order of reference as also its prayer for reinstatement of Shri Khan to his former post with all back wages and allowances.

"The company filed its written statement on 5th May 1965 and on 14th July 1965. Shri H. S. Khan filed before this Tribunal a petition stating that he does not want to persue the dispute over the termination of his service any longer as the said dispute has been amicably settled between him and the company and in terms of the settlement he has received from the company a lump sum amount of Rs.3,150 as compensation for his loss of employment. This petition of Shri H. S. Khan supported by an affidavit sworn by him was placed before my Predecessor-in-Office on 14th July 1965 and it appears from the order of that date that the sum of Rs. 3,150 as mentioned in Shri H. S. Khan's affidavit, has been paid to him by a crossed-cheque on the Grindleys Bank and that on receipt of the cheque Shri Khan has given a duly stamped receipt signed by him personally. A true copy of the receipt is on record. The affidavit with the petition was kept on record for consideration at the time of final disposal of the reference in respect of the other issue, and it was placed before me yesterday, the date fixed for hearing of the reference. I have heard the company's lawyer and union's advocate on the petition of Shri H. S. Khan and I am satisfied that Shri H. S. Khan has settled his dispute with the company on receipt of Rs.3,150 from the company. There is thus no outstanding dispute between him and the company and a "no dispute" award with respect to the claim of Shri H. S. Khan must, therefore, be passed.

As the union's advocate yesterday informed this Tribunal that he had no further instructions with respect to the other issue namely, the issue relating to the payment of wages for 24th September 1963, to the workers mentioned in the list annexed, to the order of reference and none on behalf of the union also appeared to press this issue, it must be deemed that the union is no longer willing to press this issue. A "no dispute" award with respect to this issue must also, therefore, be passed.

In view of the foregoing discussions, a "no dispute" award with respect to both the issues referred to for adjudication is passed.

This is my award.

In the matter of an industrial dispute existing between Messrs. Marwari Relief Society, 391 and 392 Rabindra Sarani, Calcutta-7 and their workmen represented by the Marwari Relief Society Hospital Workers' Association, 77 Burtolla Street, Calcutta-7 (Case No. 111-65).

Fifth Industrial Tribunal.

Present for the Society : Shri K. K. Maitra, Vice-President, the Assam, West Bengal, Orissa and Bihar Employers Association.

Present for the Workers' Association Shri Patit Paban Pathak, a Trade Unionist.

This relates to the reference made by the Government of West Bengal in its Labour Department order No. 1634-IR/IR/11L-91/65, dated 4th May 1965, to this Tribunal. The reference was for adjudication under section 10 of the Industrial Disputes Act of the industrial dispute, as to whether the termination of service of Shri Shib Kumar Prasad is justified, existing between Messrs. Marwari Relief Society, hereinafter called the Society, and its workmen represented by the Marwari Relief Society Hospital Workers' Association hereinafter called the Association. This arose under the following circumstances :

Shib Prasad was a permanent workman under the Society. He was granted leave up to 18th June 1964. On 17th June 1964 he sent an application for extension of his leave from his village home annexing a medical certificate. The Society received that on 22nd June 1964. The Society sent him a letter on 20th June 1964 at his village address asking him to join by 28th June 1964. In reply to that, the workman wrote to the Society with his Gram Pradhan's certificate, for leave as previously prayed for. The Society received that letter also on 29th June 1964 but by a letter, dated 30th June 1964, dismissed him from service with effect from that date. The workman reported for duty on 13th July 1964 with fitness certificate but was not taken in. He therefore, prays for reinstatement with back wages.

The Society is resisting the Association's case stated that the workman was dismissed from service for violating the order of the management and that no extension of leave was granted to him. Nowhere the Society stated that it did not receive on 22nd June 1964 and 29th June 1964 the two letters of the workmen.

The Society sent its letter of dismissal on 30th June 1966 to the workman Ext. 9. But it is not said or proved that the workman was given any charge-sheet or had been dismissed after enquiry into said charge-sheet for "misconduct". Therefore, the dismissal is not justifiable on that score. Paragraph 6 of Society's written statement is that the workman was guilty of misconduct of "violating order of management." But, assuming that as a misconduct according to Standing Orders, there could not have been any dismissal for same without a charge-sheet and enquiry. Again, this case is not true. For, the letter, Ext. 9, read with Ext. 11 letter, shows that his service was dispensed with but not for "disobedience" of superior's orders. The Society could not show any rules or condition of employment of this workman that would justify such dismissal by a simple letter. Besides, the ground on which letter, Ext. 9, was written is not based on facts. It appears from Ext. A (Acknowledgment Receipt) that the workman sent a letter to the Society on 22nd June 1965. Ext. C is another such acknowledgement received by the Society on 29th June 1964. The Society has not produced the letters it received on 22nd June 1964 and 29th June 1964 with Exts. A and C. The Association stated that the workman applied for extension of leave on 17th June 1964 and reiterated that on 29th June 1964. The workman gave evidence to say that. There was no denial given to that in this proceeding. Association's assertions on this point in the written statement was not traversed by any denial in Society's written statement; on the other hand, it was said in para. 7 that no extension of leave was granted That rather indicated that the Society got the application for extension of leave and did not grant that It is quite clear that the workman, before he was asked to rejoin by 28th June 1964, applied for further leave, His such application for further leave was not granted or refused He actually applied for extension of leave on 17th June 1964 before his initial leave expired So he cannot be said to have disobeyed any orders of management.

The Society argued that the acknowledgments Exts. A and C were not adequately addressed to the Secretary of the Society and therefore, those did not reach the Society and even if they reached the Society, those were not fit to be considered. This contention the Tribunal rejects as untenable. Those were addressed

to Marwari Relief Society. Those were duly delivered. The persons who took those are admittedly employees of the Society. None came to say he did not get it or did not keep it in the Society's office. No records of Society i.e., Receipt Register etc., were produced. There was no denial given to that averment in Association's written statement in this proceeding. The termination of service of Shri Shib Kumar Proasad should be held not justified. He should be deemed to be in employment. He should be treated as on leave from 19th June 1964 to 12th July 1964. He should get leave wages for that period and wages, as on active service from 13th July 1964 and he should be taken in employment within 7 days of the publication of this award. All benefits due to a workman should be given to him for the period commencing from 19th June 1964.

The Society did not say it has any certified Standing Orders. Nor it produced or proved any. Therefore, the Model Standing Orders under rule 10 of the Bengal Industrial Employment (Standing Orders) Rules are applicable—section 12A of Industrial Employment (Standing Orders) Act. This dismissal is not justified under those Model Standing Orders under para. 14 or 13.

In the result, the Tribunal answers first part of the issue in the negative, and, directs that the workman Shri Shib Kumar Prasad should be taken in employment, with all protection of his pay, etc., within 7 days from the date of publication of this award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Fort Gloster Industries Ltd. (New Mill and North Mill), Fort Gloster, Howrah, and their workmen represented by (i) Bengal Chatkal Majdur Union, Bauria Branch, Village Radhanagar, P.O. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri A. K. DE, District Judge,
Presiding Officer, Fifth Industrial Tribunal.

The Government of West Bengal, in its Labour Department, order No. 341-I.R./IR/7L-2(A)/64, dated the 27th January 1966, referred to this Tribunal for adjudication under section 10 of the Industrial Disputes Act, a dispute between Messrs. Fort Gloster Industries Ltd. (New Mill and North Mill), Fort Gloster, Howrah and their workmen represented by (i) Bengal Chatkal Mazdur Union and (ii) National Union of Jute Workers. This issue is —whether the system of placement of workmen by rotation to different shifts should be introduced in all the sections?

Being served with notices the employer and the two unions of the employees appeared. The company filed its written statement on 20th April 1966. Neither of the unions has filed any statement, though they took time. The National Union of Jute Workers has been remaining absent without taking any steps since 19th March 1966. The other union has been absenting without any steps since 20th April 1966. On 27th January 1866 the National Union of Jute Workers stated in a petition that they had been corresponding with the Government for amendment of the issue in the order of reference and that they might be given some time for that. They were given time up to 19th March 1966. On that date they neither appeared nor asked for any extension of time The other union by their petition, dated 19th March 1966,wanted 6 weeks' time for getting correction of the issue in the order of reference from Government. They were given time up to 20th April 1966. But they did not appear on that date. They did not ask for extension

of time. No correction in the issue of the order of reference had been received from Government. In order to enable the unions to present their case before the Tribunal, the Tribunal of its own accord adjourned the proceeding once. But even then the union did not take any steps to file their written statements or did not ask for further time. It appears clear to the Tribunal that the unions do not intend to proceed with the reference for adjudication. As no statement of claim has been filled by the unions, the Tribunal is satisfied that there is at present no dispute relating to the issue. No sufficient cause has been shown for the failure of the unions to appear before the Tribunal. In the circumstances the Tribunal will make a "no dispute" award.

Accordingly the Tribunal makes a "no dispute" award on the footing that the industrial dispute under reference is not in existence any longer.

AWARD

By Government order No. 2106-I.R./IR/11L-115/65, dated the 11th June 1965 and order No. 3290-I.R./IR/11L-115/64, dated the 28th July 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Hindusthan Lever Ltd., 63 Garden Reach, Calcutta-24 and their workmen represented by Lever Mazdoor Sabha, Q-313A Umesh Neogy Road, Calcutta-24, regarding the matter specified in the Schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the termination of service of Shri Dalaya is justified ? To what relef, if any, is he entitled ?

In pursuance of notices issued from this Tribunal, parties appeared and filed their written statements.

In the written statement filed on behalf of Lever Mazdoor Sabha (hereinafter referred to as the Sabha), it has been stated that the worker concerned Shri Dalaya was in the employment of Messrs. Hindusthan Lever Ltd. (referred to hereafter as the company), since 1947. Shri Dalaya was man-handled inside the factory by a

Mistry, but the company did not take any step whatsoever against the said Mistry as he was a member of the Hindusthan Lever Mazdoor Sabha, the rival union in the company. Shri Dalaya thereafter forced the unwilling hands of the company by resorting to hunger strike at the factory gate and the dispute was compromised. After this Dalaya joined the Sabha but this enraged the company and the latter by letter, dated 19th August 1964, informed Dalaya that it had decided to terminate his service because of his having been found medically unfit for heavy work by his Medical Officer. This plea for the termination of the services of Dalaya as taken by the company in its letter aforesaid, was absolutely false and malicious and Dalaya also sent to the company a letter protesting against the termination of his service. In that letter he also stated that his job as an electrical helper was possibly the lightest in the factory and that he was not in any way incapable of doing his job. After this letter of Dalaya to the company, company informed him that his service has also been terminated as he was suffering from leprosy. This allegation of Dalay's suffering from leprosy was also false and has been advanced by the company as it found that the earlier plea viz., his physical unfitness for heavy works, taken by it for the termination of service of Dalaya, had no basis. On these ground the union contends that the company had no justification to terminate the service of Dalaya and prays for his re-instatement with back wages.

In its written statement filed on 4th November 1965 the company denied the Sabha's allegation that it had terminated the services of Dalaya on false pleas because of his association with the Sabha, and submitted that it had to dismiss him from service as he was suffering from Chronic Bronchial Asthama which rendered him unfit for heavy works and as also in August 1963 developed symptoms of leprosy. The company manufactures in its Garden Reach factory where Dalaya was employed, chemically pure glycerene which is a drug and also various tooth-pastes and the company thought it expedient in the interest of the reputation of the quality of its products and the conditions under which the same are manufactured, not to retain him in service when it was detected that he also was suffering from leprosy. Company submits that Dalay's services were terminated on justifiable grounds and that accordingly he is not entitled to any relief whatsoever in this case.

It will appear from the written statement filed on behalf of the union as also Dalaya's evidence and Ext. 2 before this Tribunal that Dalaya was suffering from Chronic Astham as also from leprosy when his services were terminated by company's letter, dated 19th August 1964, referred to in paragraph 7(a) of the Sabha's written statement, and marked Ext. A in this case. After this letter Ext. A, Dalaya sent the company the letter, dated 6th October 1964, marked Ext. A/3 in this case. To this letter was annexed a true copy of a letter of Dr. Sukumar Ghosh, Professor and Officer-in-Charge, Leprosy Research Unit, School of Tropical Medicines, Calcutta, to the President, Lever Mazdoor Sabha. In this letter Dr. Ghosh stated as follows :

> "With reference to your letter, dated 10th September 1964, Shri Dalaya has been examined in this department. He is a case of leprosy of non-lepromatous type and smears from his lesions are negative. He is, therefore, a non-infectious case. He should be allowed to continue his duty as usual provided he remains under regular medical treatment and supervision."

In his evidence before this Tribunal as also in Ext. A/3 Dalaya stated that as per Dr. Ghosh's advice contained in his letter referred to, he has been under regular medical treatment and supervision at Premananda Leprosy Dispensaries, Kalighat. Company did not dispute that Dalaya is suffering from non-infectious type of leprosy and relying on Dr. Ghosh's opinion that Delaya should be allowed to continue his duty as usual provided he remains in regular medical treatment and supervision, the Sabha's representative Shri Narayan Das Gupta, argued before this Tribunal that when in consonance with the advice of Dr. Ghosh, Dalaya is having regular medical treatment and supervision in the leprosy clinic the company was not justified to terminate his service on ground of leprosy. On the basis of the booklet "Leprosy" marked Ext. 1 in the case, he argued that when leprosy is an ordinary disease and Dalaya was suffering from non-infectious type of leprosy, the company was not justified to dismiss him from service on the ground of leprosy. Though on the meterials on record I cannot overrule Shri Das Gupta's contention that Dalaya was suffering from non-infectious type of leprosy and that for the cure of the disease he is under regular medical treatment still I cannot say that the company was not justified to terminate the service of Dalaya on ground of leprosy or that company's terminating his servive on the ground of leprosy amounted to victimisation of labour. It is in evidence that in the Garden Reach factory of the company where Dalaya was employed, amongst other products, glycerene and tooth-paste are manufactured. Under the Drugs Act, workers of the factory engaged in the manufactures of tooth-pastes, glycerne shall be free from contagious or obnoxious disease. The Dictionary meaning of the term "Obnoxious" is "liable to harm or evil or attack ; offensive, objectionable, disliked" (vide Oxford Dictionary, 4th Edition, page 815). In view of this Dictionary meaning of the term "obnoxious' it must be held that non-infectious leprosy is also an obnoxious disease. The evidence of D.W.1. Dr. Satyabrata Chakrabarty—Company's Medical Officer, indicates that this leprosy Dalaya had on his left elbow joint, and this evidence was neither contradicted nor denied by Dalaya in his evidence before this Tribunal. As Drugs Act prohibits the employment of worker suffering from leprosy even if of non-infectious type, and the company's good-will will also suffer if the news that its workers in the factory where drugs are manufatcured also include workers suffering from leprosy, gets circulation, the Sabha's contention that the company was not justified to terminate the service of Dalaya on the ground that he is suffering from leprosy, cannot be upheld by me. The company has terminated the service of Dalaya also on the ground that he is

medically unfit for heavy work. This Dalaya, I have already said, was an electrical helper and it is proved by the evidence of D.W.1 Shri Satyabrata Chakrabarty, Company's Medical Officer and Dalay's health card Ext. B and his testiomony before this Tribunal that Dalaya wa suffering from Chronic Astham when his service was terminated. In his evidence-in-chief Dr. Chakrabarty further said, "as Dalaya was suffering from asthma and there were some pathological changes in his lungs, viz., Bilateral Basel Emphysematous which mean the lungs become expanded and lose its elasticity and was suffering from tuberculosis. I gave the opinion that he was not fit for heavy job. As an electrical helper he had to climb up and carry things such as coils, fans, etc., we did not like that Dalaya would continue to do such work in view of his tuberculosis, the nature of the lungs and asthma. His state of health made him unifit for the job of electrical helper". As no Medical expert on behalf of Dalaya was examined to refute all these statements of Dr. Chakrabarti regarding his health prior to the termination of his services and Dalaya also has not in his evidence before this Tribunal made any statement indicating that Dr. Chakrabarti's statements of his diseases were untrue, it must he held that Dalaya was also suffering from Chronic Asthma, pathological changes in the lungs and suspected tuberculosis when his service was terminated. True in the company letter of dismissal, dated August 19, 1964 marked Ext. A, tuberculosis or suspected tuberculosis was not speciafically mentioned and it has been simply stated therein that he has been found medically unfit for heavy work by the company's Medical Officer. But as the company was not required to give in this letter details of the diseases for which Dalaya was found unfit for heavy labour but was only to give therein the reason for the termination of his services non-mention of tuberculosis or suspected tuberculosis in the letter can be no ground for arguing that Dr. Bhattacharji's statement that Dalaya's was a case of suspected tuberculosis was an after-thought and a tubercular patient cetainly cannot be retained in a factory where drugs are prepared and is also not fit for heavy work. Even if Dr. Bhattacharji's statement regarding Dalay's suffering from tuberculosis or suspected tuberculosis be ignored as not specialist's opinion in support of his statement was produced by the company, still it must be held that condition of Dalaya's lungs as has been described by Dr. Chakrabarti and is apparent from Ext. B and his suffering from Chronic Asthma had certainly made him unfit for heavy work. That Dalaya had to do heavy work in the factory is evident from his statement in cross-examination that in course of his duties he had to climb up buildings with heavy machines. In this view of the matter, it must be held that company was also justified to terminate his service on medical ground viz., his physical unfitness for heavy work.

In view of the foregoing discussions, Sabha's contention that company has terminated the service of Dalaya on false pretexts viz., his suffering from leprosy and his physical unfitness for heavy work, for his joining the Sabha, cannot be upheld. It has no doubt been established by Dalay's and D.W.3's evidence that sometime after his joining the company, Dalaya had gone on hunger-strike as the company had not taken any action over his complaint of assault on him by another worker of the company. But that assault took place 4 or 5 years before Dalay's discharge and there is no evidence or suggestion indicating that during these 4 or 5 years, company had ever acted in any manner adverse to the interest of Dalay or of the Sabha, of which he was a member at the time of his dismissal. As Ext. B shows, from time to time during 1960, 1961, 1962, 1963 and 1964 up to his dismissal, he has been checked up by the Medical Officer of the company and if the company had any intention to get ride of him on medical ground because of his association with the Sabha, it would have done so long ago with the help and connivance of the Medical Officer instead of waiting this long perid of 4 years. Sabha's suggetion that for Dalay's joining the Sabha, the company has out of vindictiveness, terminated his service, cannot, for all these reasons, be accepted and I hold that company had sufficient justification to terminate his service for his physical unfitness for heavy work as also for his suffering from laprosy though of infectious type. Sabha's prayer for reinstatement of Dalaya in service with back wages must, in this circumstances, be over-ruled. Sabha's prayer for reinstatement of Dalay's is accordingly rejected.

This is my award.

In the matter of an industrial dispute between Messrs. Shalimar Paints Limited, Botanic Garden, Goabaria, district Howrah and their clerical and subordinate staff employed in the Head Office of the company represented by Shalimar Paints, Colour and Varnish Co. H.O. Employees' Union, 23-L Fern Road, Calcutta-19. (G.O. No., 4410 I.R. dated 19th September 1964). (Case No. 272-64)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHRYA, M.A. LL.B.
Judge, Fourth Industrial Tribunal.

For the Union : Shri J. Banerjee, Advocate.

For the Company : Shri P. Ginwalla, Counsel.

The instant industrial dispute between Messrs. Shalimar Paints Ltd. (hereinafter described as the Company), Botanic Garden, Goabaria, district Howrah and their clerical and subordinate staff, employed in the Head Office of the company represented by Shalimar Paints, Colour and Varnish Co. H.O. Employees' Union (hereinafter referred to as the Union), 23L Fern Road, Calcutta 19, arises out of Government of West Bengal, Labour Department, order No. 4401 I.R./I.R.-11L/205/64, dated the 19th September 1964. The issues for adjudication are as follows :

Issues

1. Grades and Scales of pay.
2. Retiring age.

The case of the union, in short, is that the terms and conditions of employment for the employees were governed by an agreement executed between Messrs. Turner Morrison & Co., Ltd., former Mg. Agents, and Turner Morrison & Co., Employees' Union on 9th July 1960. That agreement was operative up to 31st December 1963. With the change of time and circumstances the grades and scales of pay fixed at that time have become untenable and they require to be modified. Similarly, the retiring age fixed by the Mercantile Tribunal Award in or about 1949 has to be increased keeping pace with time and social structure and progress. The demand of the union will appear in Annexure 'A' to its written statement.

The company has challenged the claims of the union. The jurisdiction of this Tribunal to determine the issues has been challenged on the ground that the agreement between the company and its workmen and the award passed in 1949 have not been terminated by a notice. Besides this technical objection, it has been alleged by the company that there has been no change in the circumstances to revise the grades and scales of pay, and the retiring age. In the written statement it has also been stated that the financial capacity of the company does not justify the revision of grades and scales of pay of the workmen.

The union has examined five witnesses. The company has examined two witnesses on its side. Several documents have been exhibited on both the sides.

At the time of argument Shri Ginwalla on the side of the company raised one point of law attacking the jurisdiction of this Tribunal to decide the present reference. It has been argued that this Tribunal cannot decide the issues as the workmen had not terminated the agreement executed on 9th July 1960, and the award passed in 1949 by any notice, in writing. My attention has been specially drawn to the provision of section 19(2) of the Industrial Disputes Act. It has been submitted that no notice, in writing, was issued by the workmen terminating the agreement of 9th July 1960.

In this case the charter of demands was submitted to the company by a letter, dated 4th December 1963. The letter is Ext. 2 and the schedule of demands mentioned in the letter will appear in Ext. 3. The union through this letter requested to revise the existing terms and conditions of employment with effect from the 1st of January 1964. From the reading of the letter and the demands made, I have no doubt that the workmen expressed their intention to terminate the previous agreement and the decision of the Mercantile Tribunal award of 1949 appearing in Ext. 11(i). In the award the retiring age was fixed at 55th year of the workmen, and the Ext. A, the agreement between the company and their workmen represented by Turner Morrison & Co. Employees' Union, dated 9th July 1960, will show the scales of pay of the clerical staff as well, as the subordinate staff. That agreement was to remain in force up to 31st December 1963. I hold that the workmen concerned of the company by their letter, dated 4th December 1963, intended to terminate the settlement and to give a go-by to the Mercantile Tribunal award regarding the scales of pay and the retiring age respectively. In this connection the decision of our Supreme Court in the case between Cochin State Power, Light Corporation, Ltd., and its workmen reported in 1964 in the Indian Factories and Labour Reports, Vol. 9, Parts 3 and 4, page 107, may be looked into. There is no specific form prescribed for terminating settlement under section 19(2) of the Industrial Disputes Act. The charter of demands, Ext. 2, shows that the union intended to terminate the existing settlement. This letter, I hold, is sufficient notice to the company in compliance with the provision of section 19(2) of the Industrial Disputes Act. In this view of the matter, I reject the contention of Mr. Ginwalla regarding the notice under section 19(2) of the Industrial Disputes Act.

I shall, first of all, deal with the Issue No. 2 relating to the retiring age. According to the Mercantile Tribunal Award of 1949, the existing age for retirement is 55. The union has stated in the written statement that in the public sector the age of retirement has been enhanced and that having regard to the improved health conditions due to the advancement of medical

science the longivity of the people has increased at present. The union wants that the retiring age should be fixed at 60. According to the company since the Mercantile Tribunal Award fixing the age of retirement there has been no change in circumstances The company has particularly stated that the fixation of retiring age at 55 is in conformity with the existing laws of the country which are based on the changes of the sociological outlook and economic conditions with special reference to the country's unemployment problem. At the time of argument, Mr. Ginwalla has further submitted that after the age of 55 years a man does not remain efficient and physically fit, that retirement after 55 will keep out of employment the younger generation looking for employment and would also deprive young people in service of their promotion, and that a retired man getting benefits of pension should not be kept in service beyond the age of 55. In this connection my attention has been drawn to the Supreme Court decision in the case of Imperial Chemical Industries (India) Private Ltd. vs. the workmen and others reported in 1961, A.I R. Supreme Court, at page 1175. Considering the question of fixation of the age of retirement of the workers, it was held as follows :

> "It is generally recognised in industrial adjudication that where an employer adopts a fair and reasonable pension scheme that would play an important part in fixing the age of retirement at a comparatively earlier stage. If a retired employee can legitimately look forward to the prospect of earning a pension then the hardship resulting from early compulsory retirement is considerably mitigated; that is why cases where there is a fair and reasonable scheme of pension in vogue would not be comparable or even relevant in dealing with the age of retirement in a concern where there is no such pension scheme "

Ext. A will show the exising Practice of the company relating to the Provident Fund and Pension of the workmen This pension schemes of the company is not very liberal and for sometime deductions are made. On the whole, I am not satisfied that retiral benefits of the workmen are so pleasant that the employee may ask them to retire at the age of 55. I have also considered the case of British Paints (India) Ltd. reported in 1966, Indian Factories and Labour Reports, Vol. 12, part 4, page 145 This is a very recent case decided by the Sureme Court on the question of age of retirement of clerical and subordiate staff and factory workmen. It is to be mentioned in this connection that the company admitted in their own letter, Ext.D, dated 3rd April 1964, that the Jensen & Nicholson Ltd., as well as the British Paints Ltd., were comparable with this company. In the case of British Paints (India) Ltd., hereinbefore mentioned, the Supreme Court has exhaustively dealt with the question of retiring age from different angles and accepted as a general principles that the age of retirement at 60 years should be fixed both for the factory workmen as well as office workmen. In special cases, however, a lower age may be fixed for the factory workmen to retire when the work is more arduous and heavy. For the British Paints (India) Ltd., retiring age has been fixed at 60 for the factory men as well as the workmen of the office. Accepting the principles laid down in that case, I find that in the present case also the retiring age should be fixed at 60 years The social and economic conditions demand this change. The issue is, therefore, disposed of in favour of the workmen as indicated above.

The issue No. 1 relates to grades and scales of pay of the clerical and subordinate staff employed in the Head Office of the company. The union wants to say that the existing grades and scales of pay have been continuing since 1949 when the Mercantile Tribunal award was passed with negligible modification. There has been economic change in the meantime and the standard of living has gone up. The union has suggested the grades and scales of pay which will appear in Ext. 3. The union wants to say that it is high time that the grades and scales of pay should be revised according to the present day rates.

The company, on the other hand, contends that there has been no occasion for any change in grades and scales of pay because besides the absence of any change of circumstances since the last agreement in 1960 between the company and the workmen, the company has been allowing more amenities to its employees in comparison with the facilities allowed by other business concerns.

I shall, first of all, consider whether there has been remarkable change of circumstances so that there may be any occasion for revising the grades and scales of pay. Admittedly, the Industrial Tribunal fixed the grades and scale of pay of the workmen in 1949, about 16 years ago. The award will appear in Ext. 11(*i*). Thereafter on the 9th of July 1960, a settlement was effected between the management of the company and the workmen for a limited period regarding the grades and scales of pay. The memorandum of settlement has been marked Ext. 'A'. It was clearly stipulated by and between the parties that the agreement would remain in force up to December 31, 1963. From the reading of the terms of the settlement it will appear that this arrangement was purely temporary on a short time basis and that it was not meant for a long time. The parties wilfully suggested the terms keeping in view that they were meant for about 3½ years. In the circumstances the company cannot take the plea that there has been no changes in the circumstances since 1960 and that the workmen therefor cannot claim any modification in the grades and scales of pay. Moreover there has been an appreciable change in the economic atmosphere of the society. There has been high rise in the market prices. The standard of living has gone up I have no shadow of doubt in my mind that the scales of pay of the workmen should be revised considering the economic considerations of the country. In this connection I should also note certain other facts. In the meantime the managing agency in respect of the company has been terminated and the company has been conducting its own affairs at present. It is clear therefore that the company has become self-sufficient. It has become prosperous. Ext. A. an agreement of 1960, will show that there were no appreciable modifications in the scales of pay fixed by the Mercantile Tribunal in 1949. Reports and Accounts of the company for the years 1962 and 1963 have been filed in this case. They are Exts. 10 and 10(a) respectively. The account of the company will clearly show that the profits of the company are definitely on the increase and that as

the years pass on the company has been increasing its assets. The company does not come forward and say by adducing evidence that its has no suffcient means or capacity to bear the burden if the wage scales are enhanced. Surely the company is a prosperous concern and it will not suffer if the wage structure is modified in favour of the workmen reasonably.

In view of my findings above, I decide that the scales of pay of the workmen should be modified. The union has submitted several documents showing the grades and scales of pay of different concerns. They have been marked exhibits in this case. The company has also filed certain documents showing the grades and scales of pay of workmen prevailing in several concerns. In this connection I should mention that the company in its letter to the Deputy Labour Comissioner, West Bengal, admitted that Messrs Jenson & Nicholson Ltd., and Messrs. British Paints Ltd., were comparable with this company. That letter is Ext. D. The company has also relied upon cetain charts at the time of hearing. They are Ext. G. series. Ext. G is a chart showing total emoluments of the clerical staff of the company. Ext. G(1) is a similar chart for the British Paints Ltd. Ext. G(2) will show the total emoluments of the clerical and subordinate staff of the Jenson & Nicholson Ltd. Admittedly, this company, the British Paints Ltd. and the Jenson & Nicholson Ltd., carrying on same type of business. At the time of argument Shri Banerjee for the union claimed that the scales of pay prevailing in the Jenson & Nicholson Ltd., should be pescribed for this company. On hearing arguments of both the sides and considering the facts of the case, I hold that the company, the British Paints Ltd., and the Jenson & Nicholson Ltd., are, more or less, comparable units.

Shri Ginwalla on behalf of the company has argued that the grades and scales of pay and other amenities granted to the employees by the company compare most favourably with the facilities extended to the employees of the same category in other similar companies. In order to substantiate this contention Shri Ginwalla has relied upon Exts. G, G/1 and G/2. The grades and scales of pay will furher appear in the letter, Ext. E, written by the company to the Deputy Labour Commissioner, West Bengal.

I have considered the documents submitted by the parties showing the grades and scales of pay of different categories of workmen of different concerns. I have decided to give special attention to the charts relating to the British Paints Ltd., and the Jenson & Nicholson Ltd., as more or less, comparable units. With regrd to the grades I do not like to disturb the existing A, B and special grades of the company. The grades followed by the Jenson and Nicholson Ltd., cannot, for all practical purposes, be introduced in the company. I will however, consider the maximum and minimum of the grades fixed by the Jenson & Nicholson Ltd., along with the scale of pay prevailing in the British Paints (India) Ltd. I do not think that it would be practical and feasible to introduce the grades and scales of pay followed byother concerns into the Shalimar Paints Ltd., as they are. I have also given my consideration to the amenities or facilities given by the Sharlimar Paints Ltd., British Paints (India) Ltd., and the Jenson & Nicholson Ltd., over and above the basic salary and dearness allowance. I am also conscious that there should not be any radical change in the wage structure so that the financial condition of the company may be up set. In the facts and circumstances of the present case with special reference to the comparable units, I revised the scales of pay of the workmen as follows :

Clerical staff :

Grade 'B'

Rs. 70—5—100—7—142—8—206.

Grade 'A'

Rs. 160—10—200—12—308.

Special Grade

Rs. 260 upwards at the discretion of the company. Stenopgraher and Comptometre are to start at Rs. 90 in Grade 'B'.

Subordinate staff :

Bearers, peons, khansamas and durwans

Rs. 30—1—36—2—80.

Sweeper and Cleaner

Rs. 30—1—40—2—66.

Cash durwan and Cycle peon

Rs. 35—1—40—2—60—3—99.

Drivers

Rs. 70—2—84—3—147.

Shri Banerjee on behalf of the union has submitted that the salesmen engaged at the Sales Office situated at Camac Street, Calcutta, as well as the carpenters engaged at the godowns under the sales office should be treated as belonging to the Head Office establishment The company has stoutly denied this contention. The company wants to say that the sales office at Camac Street is not part of the Head Office establishment at Goabaria, Howrah. It has also been submitted that the salesmen do not belong to the clerical staff and that they have been employed on special contract as part of the supervisory staff. The company does not also admit the carpenters as belonging to the Head Office establishment. I have considered the evidence of P.W.5, the material witness of the union, as well as the evidence of O.P W.1, the area manager attached to the Calcutta Sales Area and of O W P.2, Personnel Manager of the copmany. I am satisfied on the evidence on record that the sales-representatives as mentioned by O.P.W.1, do not, strictly speaking, fall under the category of clerical staff. The letters of appointment

given to the salesmen have been exhibited in this case. They are Exts. F and F(1). On consideration of the evidence of O.P.W.1 and these documents I am satisfied that the salesmen have been appointed under special contract and they do not belong to the clerical staff of the company. I also findthat they do not belong to the Head Office establishment at Goabaria, Howrah. The sales office at the Camac Street is a different establishment. The mere fact that the Head Office controls the sales office of other different branches does not prove that the sales office or the branch office or other establishment controlled by the Head Office are parts of the Head Office staff. The carpenters mentioned by Shri Banerjee are connected with the sales office and the godowns managed by it. They also do not belong to the Head Office establishment. The present reference relates of the clerical and subordinate staff employed in the Head Office of the company. I do not therefore propose to consider the case of salesmen or sales-representatives and the carpenters belonging to the sales office at Calcutta.

In refixing the wage structure I have considered all the materials and circumstances of this case and I am convinced that in effecting the proposed grades and scales of pay, the company will have no difficulty in any manner and that the company has sufficient financial resources to bear the expenses.

Workmen who are getting less than the minimum of the scales fixed by me, shall be pulled up to the minimum of the lowest stage of the scales and those who are getting the minimum or more than the minimum in the scales, shall be fitted in the next higher incremental stage in the relevant scales in relation to their existing basic pay.

This is my award fixing the grades and scales of pay and the retiring age of the clerical and subordinate staff employed in the Head Office of the company and it will take effect from the 1st of June 1960.

AWARD

This is an application under section 33A of the Industrial Disputes Act, 1947, filed by Sm. Anita Paul Chowdhury, an employee of Chittaranjan Cancer Hospital, against the said Opposite Party - Company, in connection with G.O. No. 1531-I.R/IR/11L-92/65, dated the 28th April 1965.

The Applicant Sm. Anita Paul Chowdhury who was a nurse of the Chittaranjan Cancer Hospital, has filed this application under section 33A of the Industrial Disputes Act on 23rd August 1965 for holding that the action of the management in dismissing her is illegal, malafide and an instance of victimisation and unfair labour practice, and a gross violation of section 33 of the Industrial Disputes Act. She has prayed that she may be reinstated in service with full back wages and also full wages for the period of illegal suspension. It is said that the dispute between the management of the Cancer Hospital and their workmen is pending before this Tribunal and that during the pendency of the said dispute, the management of the Hospital had dismissed the applicant from 3rd June 1965 by the letter, dated 2nd June 1965,in gross violation of section 33 of the Act. The applicant had joined service on 30th August 1959 as a junior trained nurse and had served the hospital with honesty and integrity till her service was illegally terminated by the hospital. After she joined service, the applicant developed some intimacy with Sm. Usha Sen Gupta, senior sister of the hospital, who was then eligible for the post of Matron. Due to the intimacy with Sm. Sen Gupta with whom the present Matron had some personal grudge, the present Matron had tried to put the applicant into trouble. In fact, the applicant had to lodge several complaints against the present Matron, but did not get justice at the hand of the hospital, as the present Matron is in the good books of the management. The Matron also teased the applicant in her quarter No. 3. On 22nd January 1965, the applicant was served with the suspension order on some vague, malicious and baseless allegations and she was asked to show cause within 3 days by the Superintendent of the hospital. The reply was submitted by the applicant on 25th January 1965 in which she denied all the allegations and stated facts which led to the issue of the charge-sheet on false allegations. Thereafter, the opposite party had issued notice of enquiry on 20th February 1965 fixing the date of enquiry on 25th February 1965. In that enquiry which the applicant attended, the witnesses for the opposite party were examined at length and the statement of the applicant was also recorded. Thereafter, nothing further was done and the applicant after waiting for 2 months sent the letter,dated 2nd April 1965,for allowing her to join her duties. As in the first enquiry, nothing was proved against the applicant, the Superintendent had issued another letter of enquiry directing the applicant to appear before a Board of Enquiry. No reason, however, was assigned for superseding the previous enquiry. The applicant attended the subsequent enquiry under protest. At the time of second inquiry, some witnesses were examined and some witnesses who deposed at the time of the previous enquiry, were not examined, and another date was fixed for cross-examination. The applicant asked for a copy of the deposition for cross-examination, but she was not given any copy. Therefore, the applicant was prevented from putting relevant questions to the witnesses examined on behalf of the opposite party. Even the witnesses were examined by putting leading questions. This and other infirmities had vitiated the enquiry proceedings. The applicant had requested the management to hold an impartial enquiry, but no heed was paid to her representation. In the circumstances, he applicant has prayed for the reliefs mentioned above.

Before I pass on to mention the allegations in the wiritton statement of the opposite party, I would point out that the application under section 33A of the Act has been filed by the applicant more than 2½ months after the date of dismissal. Shri A. Das Chowdhury who has appeared for the applicant, had submitted that the delay in filing the applicantion under section 33A is not material. I may have occasion to refer to this aspect of the matter later on.

In the written statement submitted by the opposite party, it has been stated that the applicant is not a concerned workman and her discharge has no connection with the dispute pending before the Tribunal between the management of the Cancer Hospital and their workmen. As I understand Shri S. Das Gupta appearing for the opposite party, he did not press this preliminary objection regarding the maintainability of the application under section 33A of the Act. It is stated in the written statemont of the opposite party that the applicant was appointed as a nurse and has been working as such since 21st August 1959, that her behaviour to superior officers was far from satisfactory, that on the complaint from the Matron, the Superintendent of the Chittaranjan Cancer Hospital issued a letter, dated 22nd January 1965, asking the applicant to submit her explanation within 3 days for her insubordination and mis-behaviour to the Matron on 19th January 1965 and 21st January 1965, and that she was suspended pending enquiry. The applicant submitted her explanation on 25th January 1965 which was found to be unsatisfactory and the management sent the letter, dated 20th February 1965, containing the charges, viz., use of abusive language causing disturbance to the patient and insubordination to her departmental head. The applicant was asked to appear with her witnesses on 25th February 1965 for an investigation, and thereafter, an enquiry committee consisting of Dr. R.K. Dutta Choudhury, Dr. S. Choudhury and Dr. L. N. Bhosh was formed for holding enquiry into the charges against the applicant. At the time of enquiry, witnesses were examined on behalf of the management and were cross-examined by the applicant, who also gave her statement. Thereafter, the committee considered the proceedings and submitted the report to the management on 21st May 1965. The management considered the enquiry proceedings and also the charges and had passed the order of discharge on 2nd June 1965. It is further stated that the allegation regarding intimacy between the applicant and Sm. Usha Sen Gupta, and the further allegation about the complaints against the said Matron by the applicant, have no relevancy to the point at issue. Regarding suspension, it is said that the applicant was suspended for good and sufficient reason. It is also said that leading questions were not put to the witnesses at the time of enquiry, that the enquiry had been fairly and properly conducted and that at the time of enquiry, the applicant was afforded full opportunity to establish her defence and that the action of the management is not illegal and mala fide and is not an instance of victimisation and unfair labour practice, or is not in violation of section 33 of the Act. The applicant, therefore, is not entitled to get any relief. It may be mentioned here that I had enquired from Shri Das Gupta as to why the opposite party did not file an application under section 33(2)(b) of the Act for approval of the action of the management in dismissing the applicant during the pendency of the main reference between the management of the Chittaranjan Cancer Hospital and their workmen. Shri Das Gupta was unable to explain why no application was

filed for approval of the action of the management in dismissing the applicant. He, however, submitted that though no application was filed by the management under section 33(2)(b) of the Act, still the management was entitled to show in this proceeding under section 33A of the Act that the applicant is not entitled to get any relief. The question of the effect of non-filing of the application under section 33(2)(b) of the Act, will be considered later on.

The only question which arises for consideration is whether there has been contravention of section 33 of the Industrial Disputes Act, 1947 and whether in the facts and circumstances of the present case, the order of the management in dismissing the applicant is justified and legal.

Before I refer to the different submissions by the learned Advocates of both sides and to the evidence, I would refer to the ruling reported in A.I.R. 1955 S.C., 258=1955 (I) L.L.J., 346 (Automobile Products of India vs. Rukmaji Bala), A.I.R., 1958 S. C., 761=1958 (I) L.L.J., 793 (Equitable Coal Co. Ltd., vs. Algu Singh), 1960 (I) L.L.J., 337=(1959-1960) 17 F.J R., 189 (P.Orr and Sons Pvt. Ltd., vs. Labour Court, Madras). It has been held in these rulings that in an enquiry under section 33A of the Industrial Disputes Act, an employee would not succeed merely by proving contravention of section 33 of the Act by the employer and that after such contravention is proved, it would still be open to the employer to justify the impugned dismissal on merits, and if on the merits it is found that the order passed by the employer is justified, then the contravention is to be treated as technical breach and the employee would be entitled to no relief. In the case reported in 1958 (I) L.L J., 793, it has also been held by the Supreme Court that where the breach is merely technical, no compensation to the workman is called for, and that what orders would meet the ends of justice in the case of a technical breach would necessarily be a question of fact to be determined in the light of circumstances of each case. I think, reference may also be made to the rulings reported in A.I.R., 1965 Cal., 378=1965 (II) L L J., 226 (Ram Chandra vs Titaghar Paper Mills) and A.I.R., 1958 Calcutta, 273 (Meleod and Co. vs. Sixth Industrial Tribunal, West Bengal). The principle, therefore, is well settled and the following questions really arise for decision when a complaint is made under section 33A of the Act :—

(i) Has the employer contravened section 33 of the Industrial Disputes Act?

(ii) If there has been a contravention, is the order of the employer justified?

If the decision regarding question No (i) goes against the applicant - employee, then , of course, he or she is not entitled to any relief But if the decision regarding question No (i) is in his or her favour then he or she is not automatically entitled to get an order for reinstatement or compensation The Tribunal has to decide on the evidence adduced before it whether the order of the employer is or is not justified If it is found that the order is justified, the application under section 33A of the Act would fail If, however, it is found that the order is not justified, then the Tribunal has to decide whether in the circumstances of the case, the applicant should be directed to be reinstated by the employer, or whether compensation should be given to the applicant.

I shall now turn to discuss the first question which is mentioned above. In view of the submissions made by Shri Das Gupta that there had been dismissal of the applicant during the pendency of an industrial dispute concerning other employees of the Chittaranjan Cancer Hospital, and also in view of his further submission that no application under section 33(2) (b) of the Act has been filed before this Tribunal for approval of the action of the management in dismissing Sm. Paul Chowdhury, it is absolutely clear that there has been contravention of section 33 of the Industrial Disputes Act As I understand Shri Das Gupta, he did not dispute that Sm. Anita Paul Chowdhury is a concerned workman, and that there has been contravention of section 33 of the Act. In view of the submission of Shri Das Gupta, Shri Anil Das Choudhury appearing for the applicant did not also argue regarding the question of contravention of section 33 of the Act. It is absolutely patent that there has been such contravention The question No. (i) therefore regarding contravention must be decided in favour of the applicant.

I shall now turn to discuss the question No. 2 which I have formulated above; but before discussing that question, I would refer to the ruling reported in 1959 (II) L L J , 556=A.I.R. 1959, S.C 1399 (Kamarhati Co. Ltd v Ushanath Pakrasi) In that case, the limited question as to whether reinstatement can be ordered in an application under section 33A of the Industrial Disputes Act, was before their Lordships of the Supreme Court Their Lordships held that section 33A lays down that where an employer contravences the provisions of section 33 during the pendency of proceeding before a Tribunal, an employee aggrieved by such contravention, may make a complaint in writing to the Tribunal and on receipt of such complaint, it shall adjudicate upon the complaint as if it were a dispute referred to or pending before it in accordance with the provisions of the this Act, and it shall submit its award to the appropriate Government and the provisions of this Act shall apply accordingly It was further held that the complaint under section 33A of the Act therefore is as good as a reference under section 10 of the Act, and the Tribunal has all the powers to deal as it would have in dealing with the reference under section 10. It follows therefore that the Tribunal has power to make such order as to relief as may be appropriate in the case, and as it can make if the dispute is referred to it relating to the dismissal or discharge of a workman The Tribunal, therefore, in a proper case can order reinstatement in an application under section 33A of the Act. In these rulings, the scope of enquiry and the powers of the Tribunal in determining the dispute raised by the application under section 33A of the Act, had been laid down by their Lordships of the Supreme Court. In view of the rulling referred to above, it appears to me, that I will have to first decide the question as to whether there has been a bona fide, fair and proper enquiry by the management of the hospital against the complainant Sm Paul Choudhury. Even if it is found that there had been no bona fide and proper enquiry by the management of the hospital regarding the charge-sheet issued to Sm Anita, still the management of the hospital would be entitled to

adduce evidence before this Tribunal and rely on that evidence to establish the charge levelled against her.

I shall now turn to discuss the enquiry held by the management of the hospital against Sm. Anita. It is not necessary to repeat what has been stated already in the application of Sm. Anita regarding the enquiry. Substantially her allegation is that after the enquiry had proceeded for some time before a doctor, a board of enquiry was formed for the purposes of enquiry. So far as the management is concerned, it has been alleged (vide paragraph 5 of the written statement) that Sm. Anita was asked to appear with her witnesses on 25th February 1965 for an investigation and that later on, an enquiry committee constituted by certain doctors was formed, and the enquiry committee held the enquiry, in respect of the charges against Sm. Anita. Therefore, it is absolutely clear that the enquiry had practically been made in two stages by different persons. It is not clear to me why this should be so. I would also point out that the first letter, dated 22nd January 1965 (Ext. 1), only contains an order of suspension for her insubordination and misbehaviour to the matron on 19th January 1965 and 21st January 1965, and further contains the direction that Sm. Anita is to submit her explanation within 3 days from the receipt of the letter. Actually, there is no charge-sheet except what is mentioned as a ground for suspension. Even this is not clear, inasmuch as it cannot be ascertained from Ext.1 as to whether Sm. Anita was insubordinate to the matron and misbehaved with her on both the dates or not. However that may be, the reply of Sm. Anita (Ext. 2), dated 25th January 1965, is that Sm. Gita Chatterjee made a false complaint to the matron and the matron told Sm. Anita that she will get her out of the hospital if she said anything against Sm. Gita Chatterjee. This refers to the alleged occurrence of 19th January 1965. With regard to 21st January 1965, it is said that Sm. Gita Chatterjee had been abused by Sm. Anita on the night of 21st January 1965, and had also reported to the matron. When Sm. Anita had returned from the kitchen, she was told by Sm. Maya Bhattacharjee who is a nurse that Sm. Gita Chatterjee will report against her on the following day to the Deputy Superintendnt, that while she protested against this, the matron came out and threatened to get her out of the hospital and that during the controvercy, the matron had caught hold of her throat by her two hands and Sm. Maya Bhattacharjee separated the matron. It is further stated that the matron again rushed towards her and was prevented by some nurses and the durwan. The reply, therefore, shown that according to Sm. Anita, she was neither guilty of insubordination nor guilty of misbehaviour, towards the matron. This explanation (Ext. 2) was considered by the management and by the notice, dated 20th February 1965 (Ext. 3), Sm. Anita was directed to appear in person on 25th February 1965 at 10 a.m. with her witnesses in respect of the charges mentioned below :—

(1) Filthy uncourteous language to the matron in the female ward on 19th January 1965 and 21st January 1965 on the top of her voice and this created :

(a) disturbances to the patients,

(b) insubordination to her departmental head.

It is not clear to me at all why the charges should have been mentioned only on the notice of enquiry. Shri Das Gupta appearing for the management was unable to explain why the charges are only mentioned in the notice of enquiry. However, that may be, explanation was obtained from Sm. Anita after the charges were specified in Ext. 3. In my opinion, the normal and regular procedure for holding the enquiry has not been followed by the management of the hospital. If really Sm. Anita was guilty of any serious misconduct, or any misconduct, charge-sheet should have been issued to her containing the specific allegations constituting the misconduct, and directing her to submit her explanation within a fixed date. Subsequently the employer can hold the enquiry in order to find out whether the charges against the workman had been established or not. In the present case, the employer evidently thought that the charges mentioned in Ext. 1, were evidently insufficient and inadequate, and therefore, in the notice of enquiry the further amplification had been given, but the employer had over-looked that the workman is entitled to submit her explanation regarding the amplification. It appears to me that the very fact that no further explanation was called from Sm. Anita makes the enquiry itself bad. I do not, however, propose to rely on this infirmity alone for the purpose of saying that there had been no enquiry at all. Now, on 25th February 1965, the enquiry was held by Dr. S. K. Ghose, and Dr. T. K. Ghose (O.P.W.9)—(vide the evidence of P.W.1 and O.P.W.9). O.P.W.9, however, had said that he had only held a preliminary enquiry. In the written statement, however, it has been said that there had been an investigation. However that may be, I do not see how Dr. T.K.Ghose could have held any preliminary enquiry only for the purpose of ascertaining what had happened as stated by him, when a charge-sheet had already been issued to Sm. Anita and notice of enquiry had already been issued directing Sm. Anita to be present with her witnesses. I do not accept the evidence of Dr. T.K. Ghose that he had only held a preliminary enquiry in order to find out what had really happened.Normally it is only after the preliminary enquiry is held, that the charge sheet is issued to the concerned workman O.P.W.9 has also stated that after holding the preliminary enquiry, he had made a verbal report to Dr Sen who is the Secretary of the hospital (O.P.W.11). O.P.W.11 has not said anything about the verbal report by O.P.W.9 after holding the alleged preliminary enquiry. In fact, O.P.W.11 has gone further and had stated that the charge-sheet issued to Sm. Anita is Ext. 1 only and Ext. 3 is not the charge-sheet issued to Sm. Anita, and that there is no letter to show that Sm. Anita was asked to submit her explanation regarding the charge mentioned in Ext. 3. I need not discuss further this question of prelimanary enquiry, except to point out that according to the evidence of O.P.W.9, Dr. S. K. Ghose only jotted down certain points. Neither the enquiry proceeding of 25th February 1965 has been filed, nor the jottings in some paper had been filed before this Tribunal. Therefore, no reliance can be placed regarding the alleged preliminary enquiry held on 25th th February 1965.

I shall now turn to discuss the enquiry by the enquiry committee. Ext. G shows that the committee was formed in accordance with the letter of the Superintendent of the hospital, dated 5th May 1965, and that the committee had sat on 7th May 1965, 11th May 1965, 14th May 1965 and 18th May 1965, and also on 21st May 1965 for preparing and signing the report. Therefore, the enquiry committee was constituted of certain doctors of the hospital about 2½ months after the alleged preliminary enquiry held by Dr. T. K. Ghose. Shri Das Gupta was unable to explain why there should have been long delay in holding the enquiry. There are at least two letters of Sm. Anita, dated 2nd April 1965 and 12th April 1965 and addressed repectively to the Superintendent of the hospital and to the Secretary of the hospital. In those letters, she explained that she had been suspended and had been passing through extreme financial crisis and praying that she might be given her arrear dues (Exts. 7 and 7a). Evidently, the management of the hospital thought fit to constitute the enquiry committee only some days after the last letter of Sm. Anita referred to above. Even after the constitution of the committee, no notice was given to Sm. Anita that the enquiry would be held on a certain date, and that she was to appear with he witnesses. The only thing that appears is that the enquiry committee (vide Ext. F) directed several persons including Sm. Anita to appear on 11th May 1965 at 12 noon. The evidence of P.W.1 Sm. Anita shows that she did appear before the enquiry committee on 11th May 1965, 14th May 1965 and 18th May 1965. However, it appears that Dr. Dutta Choudhury who was the Chairman of the enquiry committee had enquired from Sm. Anita as to whether she would produce any witness, and Sm. Anita told the enquiry committee that she was not producing any witness before the committee. Sm. Anita in her evidence has not denied that she was asked to produce and she did not produce any witness before the enquiry committee. But though this is so, it appears from the evidence of O.P.W.10 Dr. Dutta Choudhury that Sm. Anita had mentioned the names of some persons as her witnesses, and that though he cannot exactly remember but he thinks that some of these persons had appeared before the enquiry committee. In fact, it would appear that not a single person has been examined on behalf of Sm. Anita before the enquiry committee. However, I need not pursue this matter further, because in the evidence of Sm. Anita it has not been stated that Sm. Anita wanted to examine certain persons as witnesses on her side and the enquiry committee did not examine those witnesses. The enquiry committee, however, had started the enquiry by putting some questions and obtaining answers from Sm. Anita. The statement of Sm. Anita appears to have been made on 11th May 1965. This procedure is certainly not correct. The employee required to answer a charge, must know not only the accusation, but also the testimony by which the accusation is supported. He must be given a fair chance to hear the evidence in support of the charge and to put such relevant question by way of cross-examination as he desires, and then he must be given a chance to rebut the evidence led against him. This is the bearest requirement of an enquiry, and this requirement must be substantially fulfilled before the result of the enquiry can be accepted. A departure from this requirement in effect throws the burden upon the person charged to repel the charge without first making it out against him. Reference may be made in this connection to the case reported in 1963 (II) L.L.J., 366 at 400 (Associated Cement Co. Ltd., v. their workmen). In that case, it was also held that the employee should not, at the commencement of the enquiry, be closely cross-examined even before the evidence is led against him and that the date of enquiry should be intimated beforehand to give the concerned workman an opportunity to defend himself. That case has also been followed in the case reported in 1956(1) L.L.J., 498 (Workmen of Madura Co., vs. Labour Court). Therefore, it appears to me that the procedure which is adopted by the enquiry committee in taking the statement of Sm. Anita on 11th May 1965 before the witnesses for the management had been examined, is illegal. Of course, the enquiry committee has taken the statement of Sm. Anita again on 18th May 1965 after recording the statements of the witnesses for the management, but I do not think, the subsequent statement cures the initial infirmity.

I shall now turn to discuss shortly the evidence which had been adduced before the enquiry committee. But before doing so, I would point out that the matron Sm. Susama Sen had submitted two reports to the Superintendent of the hospital regarding the alleged occurrences in the morning of 20th January 1965 and of the night of 21st January 1965 (vide Exts. A. and A-1) Shri Das Choudhury appearing for Sm. Anita had pointed out that the copies of these two reports to the Superintendent by the matron, had not been given to Sm. Anita. Therefore, she was not aware of the allegations made by the matron against her in these reports. In my opinion, copies of these reports ought to have been furnished to Sm Anita before she was asked to reply to the charge-sheet. Apart from this question, I do not see how the date of the first occurrence could be written as 19th January 1965 both in Ext. 1 and Ext. 3. According to Ext. A, Sm. Anita had filthily abused the nurses who had joined on signing the bond, at about 10-30 p.m. on 19th January 1965 and that when the matron on the following morning enquired from Sm. Anita, she started shouting in front of the patients in the Deep X-ray Room, and also in front of the nurses Sm. Nayan Bose and bearer Bhagawat Shaw and liftman Hemanta Mandal. Therefore, the actual occurrence is alleged to have taken place on 20th January 1965. In the statement before the enquiry committee (Ext. B), the matron had made a similar statement. The statemet of Sm. Nayan Bose (Ext. C) does not give the date of the alleged occurrence. Bhagawat Shaw was not examined before the enquiry committee. The liftman Hemanta Mondal has also not stated about the date but only said that the occurrence regarding abuse by Sm. Anita had taken place more than 2 months ago. I do not see how this is possible, because Hemanta has given his evidence on 14th May 1965. However, that may be, I do not think, the enquiry committee could have proceeded to enquire regarding the alleged occurrence of 20th January 1965, when in the alleged chargesheet, the date of occurrence is mentined as 19th January 1965. Actually Shri Das Gupta had submitted at the time of argument that the occurrence had taken place really in the morning of 20th January 1965 and that the use of abusive language or the alleged insubordination did not take place on 19th January 1965. Regarding this discrepancy as to the date of occurrence, the

enquiry committee does not appear to have noticed the discrepancy. The report (Ext. C) shows that the enquiry committee had accepted the letter, dated 20th February 1965 (Ext. 3), to be the charge-sheet. Incidentally I would point out that the enquiry committee found that the charge of filthy, uncourteous language to the matron in the female ward or the top of her voice on 19th January 1965 thereby creating disturbances to the patients and insubordination to the departmental head, has not been substantiated. Regarding, however, the other part of the charge appearing in Ext. 2, the enquiry committee found that it was not really substantiated and had observed that, in fact, no occurrence had taken place inthe female ward on 21st January 1965, but there was some occurrence is the first floor of the hospital in front of the lift on that date. Therefore, so far as the specific charges against Sm. Anita are concerned, even in the opinion of the enquiry committee, they had not been established. The enquiry committee, however, further went on to observe that, though technically the charges are not sustainable, still Sm. Anita was guilty, inasmuch as she had used discourteous and abusive language to the matron who is her superior officer, in the presence of other nurses in front of the litt on 21st January 1965, and inasmuch as, in the opinion of the enquiry committee, this amounts to insubordination to the departmental head. As I understand Shri Das Gupta for the management of the hospital, he did not try to support this conclusion of the enquiry committee. I have come to the conclusion that the enquiry report is entirely perverse, inasmuch as the enquiry committee proceeded to consider some allegations which did not form the subject-matter of the charge and which Sm. Anita was not asked to meet.

I do not think I need to discuss the other question regarding the enquiry report. In my opinion, the evidence which has been adduced before this Tribunal is to be discussed in order to find out whether the charges have been established. Now regarding the charges, I have already stated about the discrepancy regarding the alleged first date of occurrence and I need not repeat what has already been stated. I do not also think that it is open to me to enquire whether there has been really the occurrence in the morning of 20th January 1965, in view of the charge which had been levelled against Sm. Anita. However, as some evidence has been given, I shall proceed to discuss one after another regarding the alleged occurrence of 20th January 1965 and of 21st January 1965. P.W.1 Sm. Anita has not been able to say definitely as to whether the matron had talked to her on 19th January 1965 or 20th January 1965 (vide the cross-examination of P.W.1). The evidence of P.W.1 further is that when she denied that she had used abusive language to the nurses who had joined after signing the bonds, the matron did not accept her denial and told her that she had used abusive language and was quarrelling with her, and the matron would get her out of the hospital. This evidence certainly does not show that Sm. Anita has used any abusive language towards the matron, or she was really insubordinate to the matron who was admittedly her superior officer. The evidence of P.W.1 further shows that the talk with the matron had taken place in front of the Deep X-ray room at about 9 a.m. and that she reported this matter to the Deputy Superintendent on that date complaining about Sm. Susama Sen. If really there was some occurrence in front of the Deep X-ray room, I do not see how Sm. Anita can be held guilty of using abusive language to the matron in the female ward of the hospital either on 19th January 1965 or 20th January 1965. The other evidence is the evidence of O.P.W.1 who is the matron. Her evidence is that the nurses Sm. Gita Chatterjee and Sm. Lila Das Gupta who had joined on signing bond, had complained to her on 19th January 1965 that Sm. Anita was abusing them, that she had asked them to go away and told them that she would enquire about this matter from Sm. Anita on the following morning and that she was going on her round. The next day she met Sm. Anita near the Deep X-ray room and enquired from Sm. Anita as to why the abused the persons who had signed the bonds. Sm. Anita told her that she would say many times that the persons who had signed the bonds had done so because they have no other means of livelihood. Sm. Anita had practically shouted at the matron while replying her querry. It is the further evidence of O.P.W.1 that when she asked Sm. Anita not to shout, as that would disturb the patients, Sm. Anita shouted louder and repeated the same answer. When she questioned again Anita told her that she will not keep quiet and enquired from her whether the hospital belonged to her father. Then O.P.W.1 told Sm. Anita that if she shouted in that fashion, some arrangement must be made to get her out of the hospital. Though the matron asked Anita to go to her duty, Sm. Anita did not do so and then the matron told her that she was going to the Superintendent to lodge the compalint against her. On that very date, O.P.W.1, lodged a written complaint against Sm. Anita. Regarding this written complaint (Ext. A), there is not a word about the use of filthy and abusive language by Sm. Anita to the matron. Before me, O.P.W.1, had said that Sm. Anita told her that she was "kuttas" and "Aamar jater thik nai". If these words have been really used by Sm. Anita to a superior officer, then, of course, the matter is serious. But the question is whether such abusive words had really been used by Sm. Anita. Sm. Anita had denied having done so. I have already pointed out that the abusive words do not appear in Ext. A which relates to the occurrence of 20th January 1965. Even before the enquiry, the matron did not mention the abusive words which Sm Anita is alleged to have used. Now, in that report (Ext. A), the names of the following witnesses have been given—

(1) Sm. Latika Biswas, (2) Sm. Bithika Chakraborty, (3) Sm. Nilima Roy, (4) Sm. Nayan Bose, (5) Liftman Hemanta and (6) Bearer Bhagawat.

Out of these persons, Sm. Nilima and Sm. Bithika had stated before the enquiry that they do not know anything. Sm. Nayan Bose had only stated that when the matron enquired from Sm. Anita, she started shouting on the top of her voice, that the matron stated that if she shouted in that fashion, the matron would turn her out of the gate, and that then she had dragged Sm. Anita away from the spot. Sm. Latika Biswas had not said anything regarding that occurrence. There is also nothing really in the evidence of Hemanta. Bhagawat was not examined. In the circumstances, I do not see how the evidence of O.P.W.1 can be accepted

that really Sm. Anita had used abusive language towards her in the morning of 20th January 1965. Now, before me, O.P.W.4 Sm. Nilima Roy had spoken about the use of abusive language to the matron. There is, however, the discrepency between the evidence of Nilima Roy as given before this Tribunal, and the statement which she made before the enquiry committee. Before the enquiry committee, she said that she was not present at the time and before me she had stated that she was present at the time of hurling of abuses. I do not think the evidence ef O.P.W. 4 can be accepted. P.W.5 Sm. Nayan Bose has not stated bef re me that Sm. Anita had used abusive languages to the matron on 20th January 1965, and she had only said that she shouted loudly. In this respect, the evidence of O.P.W.5 is the same as the statement made by her before the enquiry committee. These are all the evidence which has been adduced before the Tribunal to bring home the first charge against Sm. Anita. I do not think that the first charge against Sm. Anita had been proved at all. There is also discrepancy regarding the alleged place of occurrence, viz., whether it was in the female ward, or in front of the lift in the first floor of the hospital.

I shall now turn to discuss the second charge against Sm. Anita. Regarding the second charge the evidence of P.W.1 is that she had not used any abusive language and was not insubordinate to the matron. At the time of cross-examination, P.W.1 has said that while she was coming back from the dining room at about 9-30 or 10 p.m., she found Sm. Gita Chatterjee and Sm. Sen standing before the enquiry office and on seeing her, Sm. Gita Chatterjee went upstairs and Sm. Sen stood there. She had also found Sm. Maya Bhattacharjee standing on the staircase of the first floor and Sm. Maya Bhattacharjee enquired from her whether she had abused Sm. Gita Chatterjee, and further told her that the matron would go with all the persons for lodging the complaint against her. She then told Sm. Maya Bhattacharjee that she had not abused anyone, and she is unable to do anything if really any complaint is made against her. About that time, the matron came to that place and asked her to speak in low voice, and told her that otherwise she would make a complaint against her on the following day. When she protested, the matron jumped on her caught hold of her throat by both hands and Sm. Maya Bhattacharjee had separated them. At this Sm. Anita became angry and enquired from the matron why she did so. Then the matron came running at her and was only taken away by two durwans and Sm. Maya Bhattacharjee. Regarding this, I would point out that the statement before the enquiry committe by Sm Anita made on 11th May 1965 shows that Sm. Anita admitted having shouted on 21st January 1965, but stated that she only did so, because the matron had caught her by her throat and she becme very enraged. There is, therefore, some corroboration of the evidence of P.W.1 before this Tribunal by her statement made before the enquiry committee. Now regarding this, the evidence of O.P.W.1 who is the matron, is that she was standing in front of the enquiry office between 9-30 and 10 p.m. on 21st January 1965, on then Sm. Gita Chatterjee came and complainted to her that Sm. Anita had abused her filthily in the dining room and Gita Chatterjee was unable to take her meal. Thereafter, she was going upstairs by the staircase, and met Sm Anita on the staircase, and Sm. Anita then hurled filthy abuses against her. She then requested Sm Anita not to talk in that loud voice, as that would create disturbance to the patints of the ward. The shouting of Sm Anita had disturbed some patients and when the matron again requested her to keep quiet, Sm. Anita had jumped at her and then the matron placed her hand on her chest and asked her to keep quiet. It is also her evidence that Sm. Maya Bhattacharjee was present there at the time. Now, regarding this occurrence, there is another complaint or report to the Superintendent (Ext. A-1). In that report or complaint, various filthy and abusive words alleged to have been used by Sm. Anita, had been mentioned by the matron, but there is no reference of alleged jumping on Sm. Anita on the matron. There is also no reference to the alleged abuse to Sm. Gita by Sm. Anita in the dining room, and the subsequent complaint of Sm. Gita Chatterjee to the matron. The statement made by the matron before the enquiry committee does not show that Sm. Anita really had jumped at the matron. There is, of course, the reference to the complaint made by Sm. Gita Chatterjee. In the cross-examination by Sm. Anita before the enquiry committee, the matron had made a rather significant statement that she was taken away by Sm. Maya Bhattacharjee and some other had followed her. As the matron was on duty at the time, I do not see why it would have been necessary for the nurses to take away the matron. Therefore, it appears to me that there had been some incident for which, it was necessary to separate Sm. Anita and the matron.

Now, I shall proceed to discuss the other evidence which has been given before me regarding that occurrence. According to the evidence of both parties O.P.W.2 Sm. Maya Bhattacharjee was present at the time. Before me, she has said that she had found Sm. Anita abusing someone, that at the time she did not find the matron and enquired whom Sm. Anita was abusing, and why she was abusing, and that then she pointed out to the matron and said that she was abusing that woman. Her further evidence is that when the matron was going upstairs Anita had used very filthy and vulgar language and had stated that the matron was a prostitute and was involved in some affairs with Dr. T. K. Ghose. Then the matron came down and requested Sm. Anita with folded hands to keep quiet and also placed her chest against that of Anita. I do not think, the evidence of O.P.W.2 can be accepted. The statement which she had made before the enquiry committee does not disclose the actual abusive words used by Sm. Anita. The statement, however, disclosed that the matron had placed her hands on the chest of Sm. Anita and asked her to stop shouting and that she would report this matter to the Superintendent over the telephone. If this is so then certainly the Superintendent would have said something about the telephone by Sm. Maya Bhattacharjee immediately after the alleged occurence. O.P.W.5, however, has not said anything on this point. I do not think, it is necessary to discuss the evidence of O.P.W.3 Sm. Gita Chatterjee who has only spoken about the alleged hurling of abuses in the dining room of the nurses on 21st January 1965 but the alleged abuses to another nurse is not a subject-matter of this charge. Moreover, certain other nurses were present at the time of the alleged abuse and naturally it is to be expected that all these nurses would come together

and complain to the matron. O.P.W.4 Sm. Nilima had spoken about the abuses hurled by Sm. Anita. At the time of the enquiry, by the enquiry committee, O.P.W.4, however, said that she was not present at the time of the occurrence on 21st January 1965. O.P.W.5 has not said anything regarding the occurrence of 21st January 1965. O.P.W.6, Sm. Niva Sarkar who is alleged to have present in the dining room, when Sm. Anita is said to have abused Gita Chatterjee, has not said anything regarding that hurling of abuses. Her evidence before me is that when she was going away she heard an altercation between Anita and the matron in the first floor and Sm. Anita was using very filthy language. She and others had persuaded the matron to go downstairs and thereafter she does not know what had happened. At the time of cross-examination, she had said that she and others had actually dragged away the matron, as she had become very excited. O.P.W.7 Ranu Ganguli, had given evidence similar to the evidence of O.P.W.4. Before the enqury committee, this witness has admitted that she and others had taken the matron away, to the quarters, and had said that before that Sm. Anita was shouting at the top of her voice and was using filthy language and that this has taken place in the first floor in front of the lift. There is nothing in the evidence of O.P.W.8 Sudama Choudhury whose name also appears in Ext. A-1. At best, it could be said that Sm. Anita had used some abusive language towad s the matron on 21st January 1965, but it appears to me that there is some discrepancy in the evidence regarding the place of occurrence. According to some evidence, the occurrence had taken place in the ground floor, according to some other evidence, the occurrence had taken place while the matron was going upstairs, and according to other evidence, the occurence had taken placeinfront of the lift in the first floor. In view of the contradictory nature of evidence, I do not think, it can be said that the charge has been really brought home to Sm. Anita beyond all reasonable doubt.

I have, therefore, come to the conclusion that both the charges against Sm. Anita has not been substantiated In my opinion, the management did not think it proper to file and application under section 33(2)(b) of the Industrial Disputes Act in view of the various infirmities regarding the charge and also in view of the lack of evidence in support of the charge. In view of my above conclusions, Sm. Anita is entitled to the relief which she had prayed for. Shri Das Choudhury appearing for Sm. Anita had pressed certain other contentions and I shall consider them. The first contention is that the suspension in Ext. 1 is really punishment and there cannot be double punishment for the same offence. I do not agree that the suspenson pending departmental enquiry can really be regarded to be a punishment. The only punishment was the order of dismissal after the enquiry was held by the management of the hospital. Therefore, there cannot be any question of inflicting of two punishments for the same offence. The next contention which Shri Das Choudhury had submitted was that the management had dismissed Sm. Anita regarding the occurrence of 19th January 1965 and 21st January 1965, even though she was found not guilty regarding the alleged occurrence of the first date. Probably Shri Das Choudhury has over-looked that the enquiry committee had found Sm. Anita to be not guilty regarding beth the charges as stated in the chargesheet itself. The enquiry committee has only found her to be guilty regarding another charge which was not mentioned in the charge-sheet. Therefore, it is not really necessary for me to consider the submission of Shri Das Choudhury as to whether the management would have passed the order of dismissal if only one charge was found to have been proved. This is so specially when after the evidence it is found that both the charges have not been substantiated. The last contention which Shri Das Choudhury has raised is with regard to the wages for the period of suspension. The answer is that she is entitled to full wages as the order of suspension falls in view of what I have stated above. I have not overlooked that Ext. H shows that certain payments have been made to Sm. Anita for the period of suspension. As she is entitled to full wages for the entire period of forced unemployment, commencing from 21st January 1965, she is entitled to get the full amount, less the amount actually paid.

The management of the Chittaranjan Hospital is directed to reinstate Sm. Anita Pal Choudhury in service and pay her the full wages for the period of forced unemployment from 21st January 1965 with her continuity of service, within one month of the date of the publiation of the award in the "Calcutta Gazette' I make no order as to cost. The application under section 33A of the Industrial Disputes Act filed by Sm. Anita Pal Choudhury is allowed accordingly.

ANNEXURE

In the matter of an industrial dispute between Messrs. Kumar Traders, 4/5 Kali Prosanna Singhee Road, Calcutta-2, and their workmen represented by General Trading and Engineering Workers' Union, 26/8 Dum Dum Road, Calcutta-2. (Case No. VIII-232 of 1965).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri S. K. BHATTACHARYA, Presiding Officer, Second Industrial Tribunal.

Government of West Bengal, in the Labour Department, by its order No. 3585-I.R./IR/10L-89/64, dated Calcutta, the 21st August 1965, referred this industrial dispute between Messrs. Kumar Traders and their workmen represnted by General Trading and Engineering Workers' Union on the following issues to this Tribunal for adjudication.

Issues

1. Dearness Allowance.
2. Whether the termination of service of Shri Shibu Mondal is justified ? What relief, if any, is he entitled to ?

After the receipt of the reference notices were issued to the employer and the union and both parties filed written statements.

The union in their written statement *inter alia* contended that the wages of workmen of all categories in the Kumar Traders were never fixed on any scientific basis and did not provide for the bare necessities of life and as such question of immediate revision of wages have become overdue and imperative both in the interest of the workmen and the industry as a whole.

The present wage structure of the company it was contended bears no relation with the cost of living index and appears to compare unfavourably with the wages of workers paid in other similar establishments. There was no system of payment of any dearness allowance in accordance with the scales of basic pay and the workers moreover did not even get the minimum wages prescribed by different authorities from time to time. The company had the capacity to pay living wages and Dearness Allowance should have been fixed on the basis of need based minimum. The workmen accordingly approached the management for fulfilment of their demand but it proved unsuccessful because of their unsympathetic attitude of the management. The union accordingly prayed for dearness allowance of all the workmen on a sliding scale with the minima providing for cent. per cent. neutralisation in any rise in the cost of living index.

Pay up to Rs. 50.....	Rs. 35	as dearness allowance.
Pay from Rs. 51 to Rs. 100 ..	Rs. 40	,,
Pay from Rs. 101 to Rs. 150	Rs. 45	,,
Pay above Rs. 150	Rs. 50	,,

As for the termination of service of Shri Shibu Mondal the union did not make out any case whatsoever in their written statement.

The company in their written statement raised various objections and contended that no dispute was pending in respect of the issues referred to the Tribunal. It further contended that the union raised an industrial dispute in their letter, dated 7th January 1965, and after long discussions both parties settled all the outstanding disputes amongst themselves a by memorandum of settlement, dated 16th July 1965. As per the terms of settlement it was agreed that the workmen will receive an ad hoc payment of Rs. 7 per capita per month for the period from July to December 1965 and the said amount will be merged with wages from January 1966. The company accordingly contended that no dispute was pending at the date when the reference was made to the Tribunal on 25th August 1965.

As for the termination of service of Shibu Mondal, the company contended that the union did not raise ny dispute over this matter and the workman accepted ermination of service and received payment on 13th

July 1965 in full and final settlement of all his dues and granted a clear receipt of that date. The company further maintained that the wages paid to the workmen are adequate and compare favourably with the wages paid by the other comparable concerns, and the company has all along been endeavouring to improve the conditions of service of the workmen even beyond its financial potentialities. The company accordingly contends that the outstanding disputes having been settled in July 1965, the reference to this Tribunal in August 1965 was incompetent and erroneous and the workmen are not entitled to any relief in these circumstances.

Appearances of the parties are as follows :

For the Company: Shri B. K. Mookherjee, Advocate.

For the Union: None.

Decision

Issue No. 2

After filing the written statement the union has not taken any interest in the matter. Finally the case was heard ex parte, as the union failed to attend or to be represented without sufficient cause and the Tribunal accordingly proceeded on the footing that the union duly attended and had been represented. The company examined one withess (O.P.W.1) Shri Sukdeo Ratawa, Assistant Manager of the company. In his evidence O.P.W.1 stated that Shibu Mondal was a temporary employee in the factory; he was appointed on 4th September 1963 for a temporary period and was discharged on 15th December 1963 as his service was no longer required. He was paid all his dues on 13th July 1965, namely, few days before the date of settlement between the union and the management. The concerned workman granted an acquittance in full and final settlement of his dues and this has been marked Ext. A. In the absence of any evidence on the contrary, the Tribunal finds no reason to discard the testimony of O.P.W.1 and on a careful consideration of all the circumstances of the case, the Tribunal is of the opinion that the termination of service of Shibu Mondal is justified and he is not accordingly entitled to any relief.

Issue No. 1

As far Dearness Allowance the case of the company is that they had the matter settled with the union about a month before the reference was made. According to O.P.W.1 the terms of settlement was embodied in a bi-partite agreement made on 16th July 1965 between the parties and copy of this agreement was sent to the Labour Commissioner and the Secretary, Labour Department. This agreement has been produced and marked Ext. B and it appears to have been signed by Shri Gour Mohan Ghorai on behalf of the workmen and Shri S. Agarwal, Proprietor of the company on behalf of the management. As for the terms of settlement the company paid bonus for the year 1963-64 to their workmen and the workmen accepted the payment in full and final settlement of their claim for bonus for the said year. The settlement further provides that the workmen will receive an ad hoc payment at the rate of Rs. 7.00 per capita per month for the period from July to December 1965 and the said amount will be merged with their monthly salary from January 1966. According to O.P.W.1 the company carried out its part of the agreement by giving a permanent rise to the workers at the rate of Rs. 7 per month from January 1966. The memorandum of settlement further provided that all outstanding disputes between the parties were settled. The terms of agreement appears to be fair and reasonable and in view of this memorandum of agreement the dispute between the parties must be recorded as having been settled before the reference, and as such no dispute award is made in so far as this particular issue is concerned.

It, therefore, follows from what has been stated above that the termination of service of Shri Shibu Mondal is justified and he is not entitled to any relief, and the question as to dearness allowance having been settled between the parties before the date of reference there is no existing dispute between the parties, so no award need be made in the particular issue.

This is the Tribunal's findings.

Ashoka Marketing Limited, 18A Brabourne Road, Calcutta-1, against the aforesaid company (Case No. 133 of 1965 under section 33A).

Present :

Shri S. K. BHATTACHARJEE,
Presiding Officer,
Second Industrial Tribunal.

Appearances :

For the Company : Shri S. C. Sen, Advocate.

For the Complainant : Shri P. K. Sanyal, Advocate.

This complaint by Shri Shiva Ram Agarwala under section 33A of the Industrial Disputes Act is for reoining the order of dismissal, dated 1st December 1965 and for making an award that the complainant is still continuing in employment.

By order No. 3651-IR/IR/11L-19(A)/65, dated 30th August 1965, the Government of West Bengal, Labour Department, referred to this Tribunal under section 36A of the Industrial Disputes Act the following question for decision.

> "Whether the term 'all employees who worked in the year 1961-62 occurring in clause 2 of the said agreement, dated 21st October 1963, means only those employees who worked for the whole of the year 1961-62 or includes also those who worked for any part of the said year.

The complainant complains that the Opposite Party Messrs. Ashoka Marketing Ltd., in contravention of the provisions of section 33 of the Industrial Disputes Act during the pendency of a proceeding before the Tribunal under section 36A of the Act, illegally discharged and/or punished the complainant without proper enquiry and the complainant accordingly prayed for setting aside or rescinding the aforesaid order of discharge or punishment and claims full remuneration for the period of forced unemployment.

The company likewise filed an application under section 33(3) of the Industrial Disputes Act for approval of the action taken against the complainant. Further on 17th May 1966 the company raised a preliminary objection inter alia on the ground that the present complaint is not maintainable as the question referred to before the Tribunal was not an industrial dispute as contemplated in section 33 of the Industrial Disputes Act.

Decision

The preliminary objection was heard and decided against the complainant (vide order No. 8, dated 26th May 1966, in case No. 46/33/66) and the Tribunal held that the complainant was not maintainable and the preliminary objections raised by the company were accordingly allowed. In view of the decision given, it must be held that no proceeding in relation to an industrial dispute as contemplated in section 37(1) was pending at the date when the present complaint under section 33A was made before the Tribunal. That being so, the Tribunal is not competent to entertain the complaint or to adjudicate upon it, and it cannot be regarded as a dispute referred to the Tribunal or pending before it in accordance with the provisions of this Act. As such the present complaint is rejected.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri A. K. DE, District Judge, Presiding Officer, Fifth Industrial Tribunal, West Bengal.

Present for the Company : Shri P. P. Ginwala, Counsel.

Present for the Union : Shri Jagannath Pandey, a Trade-unionist.

This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, in its Labour Department order No. 1309-I.R./I.R./7L-35/64. dated the 1st April 1965. This is for adjudication of an industrial dispute existing between Messrs. Anglo India Jute Mills Company Ltd. (Lower Mill), hereinafter called the Company, and their workmen represented by (1) Anglo India Jute Mills Committee of National Union of Jute Workers', and (2) Anglo India Jute Mills Employees' Union, both hereinafter referred to as the Union, relating to abolition of the night shift in the Weaving Department of the Company.

2. The dispute has arisen like this : The workmen in the Weaving Department of the Company were divided into two groups. Each group used to work in two shifts by rotation. The first shift was called A shift, running from 6 a.m. to 11 a.m. and from 2 p.m. to 5 p.m. with a break in between. The second shift was called B shift, running between 11 a.m. to 2 p.m. and between 5 p.m. to 10 p.m. with an interval. On 12th March 1963 the Company issued a notice informing the workers that they would start 3 shifts in the lower mill in place of 2 shifts in operation previously. The workmen immediately protested to that. There was a conciliation by the Labour Commissioner of the Government. On 19th March 1963 the Company and the Unions made a settlement (vide Ext. 1). Under the settlement the workmen agreed to work in 3 shifts as notified by the management in the notice, dated 12th March 1963. On 6th October 1964 the Union wrote to the Assistant Labour Commissioner requesting him to conciliate in the matter of their demand for abolition of the night shift. They also wrote on the same lines to the Chief Engineer, Calcutta Electric Supply Corporation, on 27th April 1964 (vide Ext. 5). They again wrote to the Manager of the Company on 26th December 1964 (vide Ext. 3). The Assistant Labour Commissioner requested the Union to withdraw their ultimatum given in their letter, Ext. 3, saying that the matter was under discussion (vide Ext. 2-b). The Assistant Labour Commissioner tried to conciliate (vide Ext. 2-a, dated 11th November, 1964). He asked the Union to be patient (vide Ext. 2, dated 5th December 1964). Nothing materialised in his attempts to conciliate. The matter had ultimately been referred to this Tribunal for considering whether the workmen of the Weaving Department were justified in demanding abolition of the night shift. The Union stated that the workers have been subjected to eye and stomach troubles having been compelled to work in night shift. They have also stated that their income had fallen to the extent of Rs.4 a week for their working in 3 shifts instead of two. They stated that the Company's plea that they had to introduce night shift as the power supply of the Mill had been cut down by the Electric Supply Corporation under Government orders was not true. The settlement effected on 19th March 1963 was extracted from them by mis-statement of facts. They stated that the Company was in a position to keep their production at the same level by working 2 shifts after unsealing the sealed looms. They also stated that some of the workers had to resign their jobs being unable to bear the strain of night shift, and that their condition of employment was that they would work only in two shifts. The Union further stated that the cut in power supply had been restored which had done away with the necessity, if there was any, for introducing night shift. They further stated that there was no third shift in any of the jute mills in West Bengal for general purposes. The Union stated that their demand for abolition of night shift was just, and that the Tribunal would direct the Company to stop the working of the night shift in the Weaving Department of the Mill.

3. In its reply the Company stated that the reference was bad and the Tribunal had no jurisdiction to decide the dispute as the dispute is not an industrial dispute and its subject-matter is covered by the settlement, dated 19th March 1963. It was stated that the said settlement had not been terminated and was in full force, and the workmen having taken benefits under the said settlement were not entitled to raise any dispute on matters in the said agreement. The Company

further stated that the introduction of the night shift was justified. They stated that it would not be possible to abolish the third shift as after the introduction of the third shift various technical changes took place in the Company's mills by way of installation of modern machineries and different types of looms to diversify production and in particular by installation of broad looms for carpet-backing. It was stated that by the installation of such modern machineries and broad-looms some of the company's standard looms were put out of commission and removed, and that it would not be possible to revert to two shifts with the changes that had been effected in the Mill. It is stated that the other departments of the Company's Mill as also other companies in the neighbourhood had been operating three shifts for many years, and that working of three shifts was perfectly normal in industry generally in India and other countries. They denied that the introduction of the night shift was not due to cut in power supply or that no other jute mill had introduced night shift in the Weaving Department. It was stated that the Company sealed a certain proportion of its total looms in accordance with the Working Time Agreements because of insufficient demand in the world for the products of jute mills, and that such agreements were in operation till January 1964. The Working Time Agreement ceased to operate since January 1964, but the Company thinks it uneconomic to operate all its looms for the production of standard hessian and sacking goods because of insufficient demand. They denied that the Central Government in consultation with the Indian Jute Mills Association gave any direction to unseal the sealed looms. They denied that they obtained the agreement, dated 19th March 1963, by the Union by mis-statement of facts. They denied that they had violated any condition of service of workmen by introducing the night shift or that they had caused any hardship to them. They denied that the workmen had been subjected to stomach and eye troubles due to work in the night shift or that it had any adverse effect on the longivity and health of workmen.

4. The issue is,

> Whether the workmen of the Weaving Department are justified in demanding abolition of the night shift (3rd shift) ? If so, what relief, if any, the workmen are entitled to ?

5. It will be convenient to consider the objection as to the maintainability of the proceeding, before considering the matter on merits. It was stated that the subject-matter of the issue is not an industrial dispute and as such cannot be a subject-matter for adjudication under section 10 of the Industrial Disputes Act. Section 7A of the Industrial Disputes Act lays down that the appropriate Government may constitute an Industrial Tribunal for the adjudication of industrial disputes relating to any matter specified in the third schedule. If we turn to the third schedule, item No. 6, we find that shift working otherwise than in accordance with standing orders is a matter within the jurisdiction of the Industrial Tribunal. It is not the Company's case that the working of the night shift is in accordance with the standing orders. The Tribunal has jurisdiction to adjudicate upon the dispute referred to it. It was contended that introduction or abolition of night shift is a matter of reorganisation of business by the employer and he has absolute freedom to reorganise his business in the manner he likes. It was stated that to intervene by an award in a matter like this would be to discriminate between one employer and another, for other employers have night shift workings in their factories. It was also pointed out that there was no prohibition of the introduction of night shift in the Factories Act. The question here was, whether shift working may form a subject-matter for adjudication by an Industrial Tribunal under section 7A. The employer may reorganise his business, assuming that he can introduce night shift in his factory, but it does not mean that he can compel any of his workers, whom he employed for working in 2 shifts, to work in the night shift introduced later except following the procedure in section 9A of the Industrial Disputes Act. The question for adjudication in this reference is whether the workers of the Weaving Department, who were employed for working in two shifts and were so working till 1963, can be compelled to work in the third shift, i.e., night shift. That is a question which may be adjudicated under section 7A. The Tribunal accordingly rejects the first contention.

6. It was next contended that the question referred for adjudication cannot be decided inasmuch as the settlement, Ext. 1, arrived at between the Company and the Union has not been terminated in accordance with section 19 of the Industrial Disputes Act. It is quite clear from the correspondences that have been made since after the introduction of the night shift between the Union and the Company and the Labour Commissioner that the Union had terminated the said settlement. It is no doubt not proved that a notice in writting of an intention of the Union to terminate the settlement has been given to the Company, but it appears from the several letters, Exts. 2, 2(a), 2(b), 3, 4 and 5 that the intention of the Union to terminate the settlement is crystal clear. Nextly, it was argued that the workmen have taken the benefits under the settlement, Ext. 1, and that they cannot go back on it having taking the benefits thereunder. It is said that the obligations, cannot alter. It is seen from Ext. 1, the settlement that on the workmen agreeing to work in three shifts, the Company offered seven benefits to the workmen in consideration thereof. It is not proved in this proceeding as to whether the Company has fulfilled all the obligtions in para. 5 of the agreement, Ext 1. Sub-para. 7 of that paragraph was to the effect that the position, regarding power supply necessitating the introduction of third shift, as explained by the management, will be verified by the Conciliation Officer in due course. It does not appear from the record that any such verification was made by the Conciliation Officer at any time Sub-para. 5 of that paragraph is that the management will examine piece-rate paid to weavers operating semi-wide looms. It is not said or proved that the management examined that. It appears on a reading of Ext. 1 that the Company put up before the Conciliation Officer in their dispute that they were introducing night shift because of the cut in the power supply. That being so, it is not open to the Company when admittedly the power supply cut had been restored, to resist the demand by the workers. If the workmen had taken any benefit under the settlement, Ext 1, and if it is ultimately held that the abolition

of the night shift should be ordered, it will be a matter for consideration in an appropriate separate proceeding whether the said benefits given under the agreement, Ext. 1, would stand withdrawn. But that cannot be any consideration for not adjudicating the issue referred in this proceeding. The Tribunal decides that the settlement had been terminated and that there is no bar under section 19 to go into the question. The Tribunal decides that the settlement had been terminated and that there is no bar under section 19 to go into the question. The Tribunal accordingly rejects the contention of the Company as to the jurisdiction of the Tribunal and decides that the matter should be decided on merits.

7. The question set down for adjudication is whether the demand of the workmen of the Weaving Department for abolition of the night shift is justified. It is not disputed, nor disputable, that the workmen were employed to work in two shifts and that they were so working till 19th March 1963. Asking these workers to work in 3 shifts instead of 2 is certainly a change in the condition of their service. It is not said nor proved that under the standing orders of the Company governing the conditions of service, the workmen were obliged to work in three shifts. That being so, the question should be answered in the affiirmative if it is not proved that the Company has just grounds for introducing the third shift, i.e., three shifts instead of two. The Company put up different grounds at different times to justify the introduction of the third shift, i.e., the night shift. It appears from the letter, Ext. A, dated 28th August 1961, Ext. B, dated 30th July 1962, Ext. C, dated 28th May 1963, Ext. D, dated 25th September 1963, and the Government order No. 1109/Power/4M/30/63, dated 30th March 1963, that the Calcutta Electric Supply Corporation Ltd. cut down power supply to the Mills for some time. But it is also seen from the letter, Ext. E, dated 29th December 1965, that all restrictions on electrical energy were removed with effect from the midnight of 31st December 1965. So the fact remains is that there is no restriction in the use of electrical energy now. Even assuming that the introduction of the third shift was necessitated by the cut in power supply, it would be seen that the said justification had ceased to exist. The Company cannot say that the working of the third shift is justified on that ground at present. Reading the memo. of settlement, Ext. 1, it appears that the Company put up only that ground in justification of the introduction of the third shift. The ground having ceased to exist, the justification has also gone. The Tribunal need not consider whether or not it was necessary to introduce three shifts to meet the situation created by the restriction on power supply in 1963.

8. In a letter to the Labour Commissioner the Company stated on 5th December 1964 its reasons for continuing the three shifts introduced in March 1963. In para. 1 of that letter restriction on power supply was put up as the ground. In para. 2 it was stated that the Company made number of changes by way of installation of modern machinery and different types of looms so as to diversify production, as justification for three shifts. In para. 3 it was stated that by the introduction of three shifts some looms became surplus and were put out of commission and removed to make space for other looms and machines. It was stated that even if the power supply would be restored it would not be possible to revert to two-shift working. In para. 4 it was stated that if the carpet-backing plant was at any future time closed down, the yarn that was used in that plant would be freed and there would not have sufficient looms to use up all the yarn or to provide employment to the weavers of the carpet-backing plant. In para. 5 it was stated that there were three-shift working in other departments of the Mill for over 10 years, and the introduction of three shifts in the Weaving Department would not be a new phenomenon. It was stated in para. 6 that due to restrictions on power supply several other mills in the locality had introduced three-shift working in the factory. In para. 8 it was stated that the plea of the workers that their health and earning suffered on account of three shift working was not tenable. It was stated in para. 7 that by the introduction of the third shift a large number of looms had come into operation, and it provided employment opportunity for a larger number of weavers. The grounds stated in para. 7 of this letter was not sought to be proved at the hearing. The Tribunal holds that it is not proved that three-shift working has opened up opportunity for employment of a larger number of weavers. As to the contention in para. 6 of that letter, the Company examined Shri S. Nageswaran, O. P. W.3, the Area Labour Officer of the Indian Jute Mills Association. He produced 4 charts, Exts. G. G(1), G(2) and G(3). These are reports on the working loom position in the Mills. Ext. G shows that there was working in 3 shifts in 5 Mills in February 1966. Ext. G(1) shows working of 3 shifts in two Mills in the same period. Ext. G (2) shows working of 3 shifts in 5 Mills in the said period. Ext. G (3) shows working of 3 shifts in 8 Mills in the same period. There is no evidence to show when those Mills started working three shifts and why they had so started three shifts. It is not proved or shown that the working conditions in those Mills are exactly the same as in the present Company. The question is to whether working of three shifts is justified. It is not dependent on the question whether working of three shifts in other Mills has been introduced or is continuing. It is quite likely that the workmen of those Mills had agreed to such working finding it convenient and advantageous for them. Shri Nageswaran stated in his evidence that 18 Mills are working in three shifts. But he had to state in cross-examination that he could not say what looms are worked in or if narrow looms are worked in Waverly Mill. He named Waverly Mill as one of the 18 Mills where three shifts were going on. In the report, Ext. G series, there is mention of Carpet-backing,Cotton-bagging and other looms. O.P.W. 2 Shri A. K. Ghosh has stated that broad looms means carpet-backing looms. The evidence is that 96" looms are semi-wide looms. It would be of no justification to say that three shifts should be worked in this Mill because other Mills are doing it.

9. The other ground stated in justification of the three shift working is that the Company has installed modern machinery and different types of looms to diversify production, and it would not be possible or profitable for the Company to go back to two-shift working, for that would require removal of the newly installed machinery and looms resulting in consequent loss of income. It was stated that production from modern machines and new types of looms installed earns more profit. The Union stated that the Company made all these installations after the starting of the third shift and that they cannot put forward that as a

ground for continuing three shifts. Shri A. K. Ghosh, O.P.W.2, stated in his evidence "We purchased semi-wide 96" looms after 1963 . . . all the semi-wide looms installed are new purchases after the introduction of 3 shifts . . . we had to purchase new machineries and ancillary equipments as the old machineries were not being able to cope with the added broad looms and added semi-wide looms . . . we have changed some of the ancillary machineries in the Lower Mills for the running of looms for special fabrics and specialities after the introduction of 3 shifts . . . it is more profitable . . . as they earn foreign exchange . . . we have found out space for the installing of semi-wide looms by shifting the narrow looms. Sometime 3½ or 4 months after the introduction of 3 shifts we started shifting the narrow looms". It is quite clear from his evidence that the Company had made changes, if any, after the introduction of 3 shifts. They introduced 3 shifts on the ground that there had been restriction on power supply. When power restriction was continuing they made changes in the factory installing new machineries and equipments and also installing new types of looms. Now, when the restriction on power supply had been withdrawn, they do not like to go back to the original working, i.e., two shift working in the mills. The question is, whether that is justified. It may be that the manufacture of specialities which are only possible, with these new machineries and special types of looms are more profitable for the Company. But that would not be any justification for the running of 3 shifts instead of 2. It is quite clear that the Company first introduced 3 shifts and then made changes in the factory by removing looms previously in use and installing modern machineries etc. in their place. Changes made after the introduction of 3 shifts cannot be any justification for continuing 3 shifts. The Company may certainly take steps to increase their income, but they cannot compel their workers to take a change shift working for that. So far as the workers of the Weaving Department of this Mill are concerned, they are to be employed as before in two shifts keeping their income at the same level as before the introduction of 3 shifts. If after so employing them, the Company finds it possible to run the third shift with other workmen, or with such workmen who are willing, they can do so. They cannot in any way impose on the workers working of 3 shifts in place of two.

10. The Company also sought to justify the working of three shifts on the ground that the Government of West Bengal by an order, dated 30th March 1963, forbade the Company to use electrical energy for operating its Weaving Department between the hours 6-30 p.m. and 8-30 p.m. excepting to operate broad looms. It is said that because of that order the Company had to stop its work for two hours, and to compensate for that loss of hours they had to introduce three shifts. This again is not correct. It may be repeated here that the Company introduced 3 shifts from 19th March 1963 prior to this order of the Government. This imposition of ban on the use of electrical energy in the Weaving Department for 2 hours from 6-30 p.m. to 8-30 p.m. was made up in other mills by starting the first shift at 5 a.m. instead of 6 a.m. and by stopping the work of second shift at 11 p.m. instead of 10 p.m. Thus the loss of two hours due to Government orders was made up. Shri Nityananda, P.W.1, stated that if the Weaving Department was kept closed from 6-30 p.m. to 8-30 p.m. it would have been possible to keep the production at the same level by runing the existing looms advancing the start of work by one hour and delaying the close of the Mill by one hour. Again it appears from the evidence of P.W.1 Nityananda and O.P.W.1 T. C. Shah that this Mill did not keep the Weaving Department closed from 6-30 p.m. to 8-30 p.m. Shri Shah gave reasons "This was not enforced in the Weaving Department of the lower mills because our demand of power was 3355 K.W., and we could remain within that limit even running the Weaving Department between 6-30 p.m. and 8-30 p.m." It is thus seen that this is no ground for the introduction of 3 shifts.

11. It was stated that some looms had to be sealed under orders of Government and, therefore, three shifts had to be worked with lesser number of looms, excluding those sealed, to keep the production at the same level and the Company's earning the same. It was also stated that installation of new machineries and equipments required more space in the factory and it necessitated removal of narrow looms previously used and required the Company to work three shifts so that the production did not fall and the earnings of the Company did not become less. The evidence is that some looms were sealed in 1949 and 1952 and there was no sealing of any loom in 1962 and 1963. P.W.1 stated that in 1962 or 1963 it was open for any Mill to run any number of looms it liked. He stated that some looms were idle at the time of introduction of C shift, and if these idle looms were started there would had been no necessity for the introduction of C shift, to keep the production at the same level. It is stated in para. 6 of the Company's written statement that the Working Time Agreements under which some looms were kept sealed were in operation until January 1964. So there was hardly any justification for keeping the looms sealed after January 1964. Therefore it is no justification for the introduction of three shifts. The Company, in the opinion of the Tribunal, has failed to justify introduction of three shifts, so far as its workmen in the Weaving Department in the lower mills are concerned. The Union, in asking for abolition of the night shift, so far as the workmen of the Weaving Department of the lower mills are concerned, stated that the workmen were having larger incidence of stomach and eye troubles, were remaining absent from work due to frequent sickness for night shift work, and that night shift work was bringing down their longivity and imparing their health. The Union also stated that the workmen were getting less as wages having had to work in three shifts instead of two. The Company in its reply denied that the working in night shift was causing stomach trouble or eye troubles or that there was increasing absence due to frequent sickness or that night shift had any adverse effect on the longivity of workmen or impairing their health or that the workmen were earning less by working in 3 shifts instead of two. P.W.2 Sudarsan and P.W.3 Saral are the two workers who deposed to say that P.W.1 Nityananda, who was a clerk, stated that he had knowledge that the workers were having more stomach troubles and eye troubles due to night shift working. P.W.1 stated that he had seen prescriptions

and medical reports and from that he had knowledge that the workers suffered from stomach troubles and eye troubles. He said futher that he had seen them to go to the hospitals. P.W.2 stated that working at night tells upon the health and causes stomach and eye troubles. He said that he was one of them who suffered from stomach troubles due to night shift working P.W.3 also stated that. The Company examined Dr. P. K. Nag, O.P.W.5, its Medical Officer since 1951. He said that he had gone through the Outdoor Register for the year and from that he said that there had not been any gross change in the nature of ailments of the weaver workers during the period. He admitted in cross-examination that he used to remain in change of the middle mill for most of the time, and that there was a separate dispensary for the lower mill, and that Dr. Chatterjee was the doctor in the lower mill dispensary. He said that he used to go there only when necessary. So his evidence was not of much consequence. He was asked a direct question, whether working in night shift would affect or impair health of workers more compared to working in day shift and the answer was that it was difficult to answer that question. It is indisputable that a workman, whatever may be his health, will be subjected to more strain in regard to eye and stomach if he is to work at night, particularly in weaving hessian etc. under artificial light compared to that borne by him working in day light. The Tribunal, on a consideration of evidence, is satisfied that the weavers of the lower mill will be subjected to greater strain on health if they are to work in night shift. Weavers, when working in night shift, have to work for 8 hours continuously, and that after meals. A chart produced by a doctor to show attendance in dispensaries in 1962, 1963 and 1964 is not of much help. It shows the total number of persons who attended the dispensary in each of the 12 months of these years. It does not show how many attended for stomach troubles or eye troubles. Again, the E.S.I. Scheme has been introduced in the Mill. So many workmen are attended to by Panel Doctor in that scheme. The evidence on record does not make out that night shift working has not had any effect on the health of workmen. The Tribunal concludes that the plea of the Union that workmen will be subjected to greater strain on their health if they are to work on night shift has been proved.

12. The weavers are piece-rated workers. They are paid according to the number of cloths cut. 'C' shift workers work for 46 hours in a week. 'A' and 'B' shift workers work for 48 hours a week. In calculating the wage of the workers the Company totals the production of cloth by each workman in all the 3 shifts and finds out the total output by dividing that by 3. By this process of average a worker gets less. P.W.2 Sudarsan stated that his production is highest in a A shift and lowest in C shift. So in finding out his production on the basis of 3 shifts he certainly suffers in wages. Sudarsan, P.W.2, used to get Rs. 25 to Rs. 26 per week when he was operating one loom, and he is now earning Rs. 30 to Rs. 32 as he is operating two looms. This does not mean that his earning has gone up because he is working in 3 shifts. P.W.3 stated that what he was earning before the introduction of 3 shifts is that he is getting at present. That also does not prove that the earnings have remained constant in all cases even after the introduction of 3 shifts. The Company examined O.P.W.4, its wages Supervisor and Provident Fund Secretary, to prove the earnings of the piece-rated workers of the Company. His charts are Exts. H, I and J. His statement, Ext. I, shows that a number of mill weavers resigned in 1963-64. The total number of weavers who resigned in 1963-64 was 19 and those who resigned in 1964-65 numbered 25. It increased to 34 in 1964-65. This tends support to the Union's case that some workers had to resign on account of introduction of night shift working. Again, that chart shows that the average earning in hessian section in 1961-62 was 18 81 in second half, and that it came down to 18.5 in the same half in1962-63 and to 18 in 1963-64. The yearly average came down from 18.12 to 17.53 in the same period. From his chart Ext. J, comparison of lower mill weavers' earnings in specific cases was shown. It is seen there that Ram Surath's earning was 21.03. It came to 18.80 in 1964. Saral and Sudarsan (P.W.s 3 and 2) are shown as Nos. 5 and 6 under the head 'Sacking Weavers'. Their average incomes in 1963, 1964 and 1965 were respectively 16.64, 13.44 and 13.34 in case of Saral, and 15.98, 14.71 and 15.33 in case of Sudarsan. Their 1962 income had not been shown there. It appears from his chart Ext. H that the annual average in both hessian and sacking looms has gone up from 1961-62 to 1964-65. This method of finding out the average earning is not correct. It will be seen that the average earning in the week ending 27th March 1963 was 17.79 and 16.99 in hessian and sacking looms, and the same in the week ending 10th April 1963 was 14.70 and 11.70, respectively. It is not correct to say that the earnings of weavers have not been affected adversely on account of the introduction of three shifts. The Union stated in para. 21 of its written statement that the weavers have been suffering loss in the earnings to the extent of Rs. 4 per week on account of the introduction of three shifts. In answer to that the Company merely stated in para. 16 of their written statement that it is denied that any waver is suffering such loss. It was not stated that the income had remained the same or has increased, as sought to be shown by examining P. M. Surana, O.P.W.4, and the documents placed by him. That the introduction of night shift affects the earnings of the weavers is evident from the term of the memorandum of settlement, para. 5(4) of Ext. 1. It is provided there that the workers of the Weaving Department, who will work in the night shift, will be paid full dearness allowance for 48 hours instead of 46 hours and also two hours' basic wages. This provision had to be made to make good the loss in earning going to happen for work in night shift. Examining the documents proved by P. M. Surana it is noticed that a worker, if he works only in first and second shifts, will earn a little more than what he will get if he works in three shifts. Wages are calculated on the basis of prduction by a worker in all the shifts devided by the number of shifts. Such system of calculation of wages on the basis of two shifts and on the basis of three shifts must vary, for undisputedly, the output in the night shift is less than the output in any other two shifts. The Tribunal, on a consideration of the evidence, is satisfied and decides that the weavers in the Weaving Department are being subjected to loss of earning having had to work in three shifts instead of two.

13. It was argued by the Company that fall in earnings of the workers is not any ground on which the workers may ask for abolition of the night shift. They may, for that reason, ask for increase in wages or compensation therefor. This contention does not appeal to the Tribunal. A worker cannot be made to change his hours of work by merely offering him some extra wages. It is for him to decide whether he will remain satisfied with some increase in wages or he will not work extra hours at inconvenient time. It was urged on behalf of the Company that the Union's plea that the weavers working in night shift are having increased stomach and eye troubles is not borne out as there has not been any great alteration in the number of patients calling at the Company's dispensaries. The question was not whether more number of patients reported to the dispensary for treatment but was whether more number of persons are having stomach and eye troubles. Records of the Company produced before the Tribunal are not of any aid to judge that aspect of the matter. It has already been pointed out that a person, asked to work during night after meals, will have more strain on his health than one working in the day time without loaded stomach.

14. The Union in para. 12 of its written statement submitted that 160 hessian and 103 sacking looms were operating in the mill in three shifts That worked out to 807 looms in all. The Union pointed out that the Company could maintain the production at the same level by working two shifts if they unsealed 145 of their sealed looms It is to be noted that these looms were sealed long before the introduction of three shifts or cut in power supply because of Working Time Agreement between the members of the Indian Jute Mills Association The Company's answer on this point is at para. 9 of its written statement. P.W.1 Nityananda stated that no loom was sealed in 1962 or 1962, that some looms were sealed in 1949, and those were unsealed and brought into use in 1956 or thereabout. He stated that it was open for any mill to run any number of looms it liked. It is not disputed that the position is like that. P.W.1 further stated that there would be no necessity for the introduction of three shifts to keep production on the same level, if the sealed looms are unsealed, and even then eleven of the sealed looms might be kept sealed as before. O.P.W.2, A. K. Ghosh, stated that they had 369 looms in the Mill, but only 263 were working in the lower mills. It is quite clear from the evidence of O.P.W.2 that of the Company would have no necessity for working three shifts in the mills if the Mills were content only with producing the same type of finished goods and the same quantity as before the introduction of three shifts. The Company, in the opnion of the Tribunal, has not succeeded in justifying working of three shifts in the lower mills. The Tribunal is also of opinion that the workmen have established that their demand for abolition of the night shift in the Weaving Section of the lower mills is just. The question that remains to be considered is, what relief the workmen, i.e., the weavers of the Weaving Department of the lower mills are entitled. They cannot certainly ask the Company to stop working of the night shift altogether. What they can demand and get is that they should not be made to work in the night shift. They should be allowed to work in two shifts as before 1963 with no less in earnings they were having at that time.

In the result, the Tribunal answers the first part of the issue under reference in the positive, and directs that the workmen of the Weaving Department of the lower mills of Messrs. Anglo India Jute Mills Co., Ltd., should not be asked or made to work in the night shift of the said mills.

AWARD

The Government of West Bengal, by order No. 2906-IR/IR/7L-20/65, dated the 3rd July 1965, has referred the following industrial dispute between Messrs. Wellington Jute Mills, P.O. Rishra, district Hooghly (Managing Agents—Messrs. James Finlay and Co. Ltd., 2 Netaji Subhas Road, Calcutta-1) and their workmen represented by the National Union of Jute Workers Wellington Mill Committee, Gandhi Sarak, P.O. Rishra, district Hooghly (hereinafter referred to as the Union) to this Tribunal for adjudication.

Issue

Is the dismissal of Shri Kashi Nath Parbat justified? To what relief, if any, is he entitled?

After the service of usual notice, the company had put in the written statement at first as directed, and thereafter, the workmen represented by the union had put in the written statement.

In the written statement submitted on behalf of the company, it has been alleged that the Wellington Jute Mill is the property of the Champdani Jute Co. Ltd., and that as the employer has not been made a party to the reference, the reference is not maintainable. It is next alleged that the concerned workman Kashi Nath Parbat (hereinafter referred to as Shri Parbat) was employed as a durwan in the Watch and Ward Staff of the company in 1951 and on 6th October 1964, he was on his duty at his post, near the mill jetty, between 10 a.m. and 2 p.m. As he had absented himself during his duty hours on 6th October 1964 without any intimation, and as during such unauthorised absence, one cast iron plate belonging to the company, was stolen from within the place of his duty, and an attempt was made by the thieves to move the fire hydrant, a charge-sheet was issued on 7th October 1964 for neglect of duty under clause 14(e) (ix) of the Standing Orders. Shri Parbat was also suspended pending enquiry and final decision. On 7th October 1964 Shri Parbat had submitted his reply stating that he had to go to answer the call of nature, and when he was coming back, he found some thieves attempting to remove the first hydrant, and that he had made a sound and chased the thieves who flew away with the cast iron plate. He had however stated that he left the place of duty for a very short time. Thereafter, the enquiry was held on 10th October 1964, in which Shri Parbat was present and was given adequate opportunity to defend himself. Even at the time of the enquiry, Shri Parbat admitted that he had left the place of duty without any intimation and during the temporary absence, some thieves have removed the piece of cast iron plate. Thereafter, the enquiring officer had submitted his finding, and after considering the proceeding and the finding, the management had dismissed Shri Parbat from service by the letter, dated 12th October 1964. It is also stated that in determining the punishment, the management was also influenced by the fact that only about a month and a half before the present occurrence, Shri Parbat was warned in writing for a similar mistake on his part which resulted in the loss of company's property. In the conciliation proceeding which followed, the management had referred to the two facts by the letter, dated 29th April 1965. As the dismissal of the workman was justified on merits, Shri Parbat is not entitled to get any relief.

In the written statement submitted by the union, it is said that the Watch and Ward Department of the Wellington Jute Mill has to look after the company's properties inside and outside the mill premises including jetties on the river Ganges but the said department is very inadequately manned, that the durwans are posted in various posts in and outside the mill premises including the jetties round the clock without any provision for reliever in the case of any emergency during duty hours, and that the workmen of the Watch and Ward Department had made written and verbal representation for making provision for reliever, but without any effect. It is further stated that the company had issued letters of warning without any justification, that while Shri Parbat was on duty on one of the jetties in the mill from 10 p.m. to 2 p.m. on 6th October 1964, he had felt an urgent call of nature and that the office is at a distance and round durwan was not within the call. Therefore, Shri Parbat had to go to the latrine to answer the call of nature and during his temporary absence, some thieves attempted to steal the properties, When Shri Parbat was coming back after answering the call of nature, he had found the theieves and shouted and rushed towards them. The thieves ran away taking the cast iron plate. The issue of the charge-sheet and the submission of the explanation are not disputed. Regarding the enquiry, however, it is said that the principles of natural justice have been violated and Shri Parbat was not given reasonable opportunity to defend himself. The recorded proceedings were not read out and explained to him and on the basis of the pretended enquiry, the management dismissed Shri Parbat by the letter, dated 12th October 1964, with retrospective effect from 7th October 1964. It is submitted that the dismissal with retrospective effect is illegal and void. With regard to the preliminary objection of the management, it is said that as the employer has already appeared before the Tribunal, it cannot take the plea that the reference is bad in law as the employer

is not a party. In the circumstances, it is prayed that the concerned workman may be reinstated with full back wages for the period of forced unemployment.

Decision

Before I proceed to consider the merits, I would consider the preliminary objection raised on behalf of the employer. The argument of the learned Advocate Shri J. K. Ghose appearing for the company was that as the reference has been made in the name of Messrs. Wellington Jute Mills and as the employer, viz., Chapdani Jute Co. Ltd., has not been made a party, the reference is invalid. Shri N. Roy appearing for the union has drawn my attention to the ruling reported in 1961 (3) F.L.R., 430 [Jeewanlal (1929) Ltd. vs. Fourth Industrial Tribunal, West Bengal]. It appears that in that case a similar objection has been raised before his Lrodship D. N. Sinha J. (as he then was) and had been negatived by his Lordship. It was argued before him that the employer of the workmen is not Messrs. Crown Aluminium Works, but Jeewanlal (1929) Ltd. and that Belur factory of the of the company is commonly known as the Crown Aluminium Works; his Lordship has observed that, although strickly speaking, no industrial dispute can exist between a factory and the workmen this error is not fetal. His Lordship had referred to the ruling reported in A.I.R. 1959 S.C., 320 (S.K.G.Sugar Ltd. vs. Shri Ali Hasan, Chairman, Industrial Tribunal, Bihar). In that case as the reference was made in respect of an industrial dispute between a sugar factory owned by a company and its workmen, and it was held that what was intended was that the management of the sugar factory, whoever the management may be, would be the party concerned in the reference. In the case before His Lordship, there was no misapprehension in the minds of any person concerned as to who was the employer and who was the employee in conncetion with the reference. His Lordship has further pointed that in the industrial adjudication by the Omnibus Industrial Tribunal resulting in the award passed in 1948, the Crown Aluminium Works, Belur, was a party to the reference and the award. In those circumstances, His Lordship had negatived the contention so far as the presnent case is concerned. I do not think there can be any scope for any misapprehension as to who the parties are to the reference. So far as the employer is concerned, it must be the company owning the Willington Jute Mill. Even in the charge-sheet which had been issued to the concerned workman (Ext. A on admission) only the name of Wellington Jute Mills appears. It also appears from the Standing Order which has been made over to me by Shri J. K. Ghose for the company that in the award of Jute Textile Industry of 1948, Wellington Jute Mill, P.O. Rishra, is a party (vide item No 3 under head "Hooghly" at page 128 of the award). I have therefore come to the conclusion that the objection which had been raised by Shri J. K. Ghose appearing for the company must be over-ruled. I may state here that in the end, Shri Ghose himself did not press his objection. I accordingly over-rule the proliminary objection which has been raised on behalf of the company.

I shall now proceed to discuss the question of justification of dismissal of the concerned workman Shri Kashi Nath Parbat. In this case there is no dispute that Kashi Nath was a member of the Watch and Ward Staff and was on duty at his post near the Mill Jetty from 10 p.m. to 2 a.m. on 6th October 1964. There is further no dispute that sometime about 12-15 a.m. or 12-30 a.m. Kashi Nath was absent from his post and during his absence, some thieves had stolen one cast iron plate and attempted to remove the fire hydrant. There is further no dispute that after the submission and reply to the charge-sheet by Kashi Nath an enquiry was held and the enquiring officer came to certain finding and the Management had passed the order of dismissal of Kashi Nath on 12th October 1964, with effect from 7th October 1964, that is, the date of suspension.

As there has been some enquiry it will have to be decided whether the enquiry had been fair and proper. Until the Tribunal comes to the conclusion that there had been no fair and proper enquiry, the Tribunal cannot enter into evidence in order to find out whether the charge of Kashi Nath had been brought home or not. Incidently it may be pointed out that the Management had adduced no evidence before the Tribunal regarding the allegations contained in the charge-sheet. The learned Advocate Shri J. K. Ghosh, appearing for the employer had accepted the position that if the enquiry is found to be not profer and fair, there is no evidence before this Tribunal to prove the allegations contained in the charge-sheet.

I shall now proceed to discuss the charge-sheet that was issued to Kashi Nath (Ext.A). Kashinath was charged under rule 14 (c) (ix) of the Standing Orders which are embodied in the Jute Textile Industry Award of 1948. It has been stated in the charge-sheet that on 6th October 1964, Kashi Nath was on duty at the post near the Mill Jetty from 10 p.m. to 2 a.m. and as he was absent from the place of duty in the midnight, a cast iron plate was stolen from the drain at the Water front of the Ganges and an attempt was made by the thieves to remove the fire hydrant. It was further stated that Kashi Nath was suspended pending an enquiry and final decision in his case. This charge-sheet is dated 7th October 1964. Now the Standing Orders referred to above provides that habitual negligence or neglect of work is a misconduct, that no order of dismissal is to be made unless the workman concerned is informed in writing of the alleged misconduct and is given an opportunity to explain the circumstances against him, that an order of suspension shall be in writing and may take effect immediately on delivery to the workman, that such order shall set out in detail the alleged misconduct and the workman shall be given an opportunity of explaining the circumstances alleged against him, and that if on an the order is confirmed, the workman shall be deemed to have been absent on duty during the period of suspension and shall not be entitled to any remuneration for such period. The learned Advocate Shri Ghosh told me that it is not necessary to state in the charge-sheet that there had been 'habitual negligence' or 'neglect of work' on the part of Kashi Nath. He has further contended that the word 'habitual' only qualifies negligence and does not qualify the words 'neglect of work'. I am unable to accept the latter submission which has been made by Shri Ghosh, appearing for the employer. It appears to me that on a plain reading of the Standing

Orders the word 'habitual' must qualify both the words 'negligence' and 'neglect of work'. I do not see that there is really any distinction between the word 'negligence' and the words 'neglect of work'. Both of them mean that the concerned workman did not do the work with sufficient care and caution as required of him. As I understand, Shri Ghosh he was unable to give any other interpretation to those words appearing in the Standing Orders. In fact, it was submitted by Shri Ghosh that Kashi Nath had left his place of duty without informing the other durwans so that the properties of the company are not taken away by thieves during the temporary absence. Even if Kashi Nath had an urgent call of nature at the time he was alleged to have left the place of duty, the very submission of Shri Ghosh shows that Kashi Nath is alleged not to have taken sufficient care and caution before he had left his place of duty to answer the call of nature. In my view, diligence is opposed to negligence or neglect of work and if the concerned workman had discharged his duties with sufficient care and caution as required of him, his work is not negligent and cannot be said to have neglected his work. The Standing Orders however, provide that only negligence or neglect of work is not sufficient and it must be habitual negligence indicating a course of conduct. Therefore, there must be some incidents indicating that Kashi Nath did not do his duty with sufficient care and caution. Unfortunately this aspect of the matter has been overlooked while issuing the charge-sheet to Kashi Nath. This is somewhat strange, because according to the Management, there had been an earlier negligence or neglect of work by Kashi Nath. It is stated (vide paragraph 9 of the written statement of the employer) that only about a month and a half before the present occurrence he was warned in writing for similar neglect of duty on his part which resulted in the loss of the company's property (Ext. C, on admission and Ext. F, formal proof dispense with). Regarding previous warning P.W.1 Kashi Nath had denied the issue of the charge-sheet and the giving of the warning but that fact appears in the written statement of the company and has not been denied in the written statement of the union. That fact also appears from the admitted document, Ext. C. However, that may be, I do not think that the charge-sheet which had been issued to Kashi Nath really contained any charge of habitual negligence or neglect of duty. Even assuming the allegations made in the charge-sheet to be correct, there could at best be a charge for neglect for duty or neglect of work. It is quite true that clause 14(c) (ix) of the Standing Orders has been mentioned in the charge-sheet but the actual allegations which are required to be stated in detail, only make out a charge of negligence or neglect of work. In my opinion, there has been no issue of charge-sheet as required by the Standing Orders of the company.

I shall now proceed to consider the enquiry before the enquiring officer, Shri Sen Gupta. Regarding this, P.W.1 has said that he had not received the notice of the enquiry after the submission of the reply and that he was only called by another durwan and hence, appeared before the Labour Officer. It would appear that there has been no cross-examination of P.W.1 on this point. Therefore, it appears that no notice of enquiry was issued to Kashi Nath . It is absolutely essential that notice of enquiry should be given to the concerned workman so that he can come prepared. In this connection I would refer to the ruling reported in 1963 II, L.L.J., 396 (Associated Cement Company Ltd. vs. their workmen). It has been laid down that the date of enquiry should be intimated beforehand to give the concerned workman an opportunity to defend himself. In my opinion, the calling through another durwan the concerned workman on a date in respect of which the concerned workman had no previous notice, amounts to denial of natural justice. Now, regarding the enquiry proceeding itself, it would appear from the evidence of P.W.1 that the Labour Officer had put certain questions to him regarding his duty and he had given his answers and that on being asked by the Labour Officer, he has signed the recorded statement, but the recorded statement was itself not read over and explained to him. Shri Ghosh, appearing for the company, had pointed out that it has not been stated in the letter of the union, Ext. 1, that the enquiry proceeding was not read over and explained to Kashi Nath. It was also pointed out that in the written statement of the unionthere is 'however, a statement to the effect that the recorded proceeding was nor read over and explained to him. Kashi Nath had said in the evidence that he told the union official that the Labour Officer did not read over and explained the recorded statement to him, but he is unable to say if this has been written. Ext. 1 however, does not contain his statement to the effect that the recorded statement was not read over and explained to Kashi Nath. Therefore I am unable to accept the evidence of P.W.1 that the Labour Officer Shri Sen Gupta did not read over and explain the recorded statement to Kashi Nath. But even though this is so, I do not think the enquiry proceeding has been fairly conducted. It would appear that at the time of enquiry, only certain questions had been put to Kashi Nath and not a single witness was examined on behalf of the Management. Shri Ghosh, for the company, was unable to explain why not a single witness was examined on behalf of the company before the enquiry officer. Shri Ghosh however, pointed out that the statement of Kashi Nath really would amount to an admission of defence. I am unable to agree with the submission of the learned Advocate. The statement of Kashi Nath before the enquiring officer really amounts to this that he had to left his place of duty to answer an urgent call of nature and during his temporary absence the theft of the cast iron plate had taken place. This fact has also been stated in the reply of Kashi Nath to the charge-sheet Ext. B (on admission). I do not agree with Shri Ghosh that the leaving of the place of duty would itself amount to an act of negligence or neglect of work. I shall presently consider whether Kashi Nath had to go away leaving his place of duty to answer the call of nature. But before I do so, I would point out that even the report of the enquiring officer (Ext. E) does not show that the enquiring officer had disbelieved the allegation of Kashi Nath that he had to leave his place of duty to answer the call of nature. In fact, the enquiring officer says that at the enquiry he had

asked him as to why he had not informed anybody before he left his place of duty to answer the call of nature and Kashi Nath stated that it is true that he had left for the latrine without informing any other durwan for which he was at fault. This portion of the report appears to show that the enquiring officer did not disbelieve the statement of Kashi Nath that he had to leave his place of duty to answer the call of nature. Now regarding this allegation of Kashi Nath that he had to leave the place of duty to answer an urgent call of nature, the evidence before this Tribunal is really ex-parte. Therefore it is not necessary to discuss the evidence in detail.

The question now is whether the leaving of place of duty to answer the call of nature by Kashi Nath can really be regarded to an act of negligence or neglect of work. Shri Ghosh had pointed out before me that Kashi Nath had stated that he had blown whistle before he went to answer the call of nature and that this story of blowing of whistle is not found either in the written statement of the union or in the letter written by the union, Ext. 1. I agree with Shri Ghosh that the story of blowing the whistle by Kashi Nath before he had gone to answer the call of nature is an after-thought and his evidence in this regard cannot be accepted. Shri Ghosh had further pointed out that according to the evidence of Kashi Nath, there were some durwans and jamadars near about and had submitted that it was certainly possible for Kashi Nath to inform another durwan or jamadar when he was going to answer the call of nature. It might have been possible for Kashi Nath to inform another durwan before he left the place of duty. Possibly this was not done because Kashi Nath thought that he would be able to come back after answering the call of nature within a short time. Incidentally I would point out that there was no durwan posted on the route which Kashi Nath had to take for going to the latrine. In my opinion, the standard of care and caution which can be expected on the part of a person of the status of a durwan, cannot be very high. If Kashi Nath thought that he would be able to come back in a short time, I do not think that the mere fact that Kashi Nath did not inform any other durwan before he left the place of his duty, shows that Kashi Nath was really negligent or neglectful of his work. But even supposing that leaving of the place of duty without informing another durwan amounts to negligence or neglect of work, I do not think that the charge of habitual negligence or neglect of work had really been substantiated. I am further of opinion that the finding of the enquiring officer that the charge under clause 14(c) (ix) has really been substantiated merely from the statement of Kashi Nath, is a perverse finding.

I shall now shortly discuss another contention which has been raised before me by Shri N. Roy, appearing for the union. Shri N. Roy had submitted that the order of dismissal with retrospective effect is illegal and void. In this connection reference has been made to the ruling reported in 1962 II, L.L.J., 283 at page 289, (Sudhir vs. State of West Bengal). Various cases had been discussed in that ruling and their Lordships have held that the dismissal with retrospective effect is illegal and invalid. As I understand Shri Ghosh, appearing for the company, he has submitted that the dismissal would not be bad and illegal if there is a provision to that effect in the Standing Orders. Reference has been made to the ruling reported in 1964 II, L.L.J., 342 (Harbans Lal Malhotra and Sons vs. State of West Bengal) and 1965 II, L.L.J., 691 (Jagadish vs. Labour Court). I need not discuss this question in view of my findings mentioned above and I need only say that I do not see how merely because of a provision of the Standing Orders, the dismissal with retrospective effect can be rendered valid and legal. The Standing Orders are really statutory terms of contract of service. Now if the dismissal with retrospective effect is illegal and invalid, I cannot see how merely because of the provision to that effect in the Standing Orders the dismissal with retrospective effect can be legal and valid. However, I do not express any opinion regarding this matter in view of my findings discussed above. It is also not necessary for me in the circumstances of the present case to say whether the dismissal can be regarded to be prospective only that is to say, from the date of the order of dismissal (in this case from 12th October 1964). In the ruling reported in 1966 I, L.L.J., 201 (Surendra vs. I.A.C.). it has been held that the dismissal with retrospective effect can be held to be prospective. As the dismissal cannot stand, the question of retrospective operation or prospective operation does not fall for decision.

The result is that Shri Kashi Nath Parbat is entitled to be reinstated in service with full back wages for the period of forced unemployment and with continuity of service.

The employer is directed to reinstate Shri Kashi Nath Parbat in service with continuity of service and with full back wages for the period of forced unemployment within one month of the publication of the award in the "Calcutta Gazette."

This is my award.

AWARD

By order No. 3845-I.R./IR/4L-35/64, dated the 28th August 1964, and order No. 617-I.R./IR/4L-35/64, dated the 12th February 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Shri Amar Nath Bhattacharyya, Bus Owner, Netaji Subhas Road, near L. M. Hospital, Asansol, and his workmen represented by Asansol Sub-divisional Bus Workers' Association, Bijoy Bhawan, P.O. Asansol, district Burdwan, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated 11th March 1957, for adjudication.

Issue

Whether the termination of employment of Shri Jogendra Singh and Shri Sankar Ram is justified ? To what relief, if any, are they entitled ?

In the written statement filed the Association stated that the concerned workers Shankar Ram and Joginder Singh were respectively driver and conductor of the bus, being bus No. WGH 1242 owned by Shri Amar Nath Bhattacharji. The Bus is employed by him in the route of Asansol subdivision in the district of Burdwan. Both these workers reported for duty on 28th December 1963 but they were not allowed to do their duties by Shri Bhattacharji. Since then in spite of repeated demands, Shri Bhattacharji has not allowed them to resume their duties. Shri Bhattacharji also has not paid them their salaries in arrears on 28th December 1963. Thereafter the two workers approached the Association and the matter was referred to the Assistant Labour Commissioner, Asansol. The Assistant Labour Commissioner convened conciliation proceedings and fixed several dates for settlement of the disputes but Shri Bhattacharji did not attend any of these meetings convened by the Assistant Labour Commissioner. The matter was thereafter referred to this Tribunal for adjudication. The union submits that the termination of services of these two workmen is illegal and malafide and prays for their reinstatement with back wages. The union also claims that the owner of the bus should pay the workers their salaries due on 28th December 1963.

In reply to the union's written statement Shri Bhattacharji filed his own statement on 4th January 1965 and therein inter alia he submitted that as the two workers had left the employment of their own without his knowledge and information they are not entitled to be reinstated.

As regards the workers claim for arrears of salaries, Shri Bhattacharji stated that the claim is absolutely false.

After several adjournments on the petition of the owner Shri Bhattacharji, the case was fixed for hearing on 26th May 1966. On that date Shri Bhattacharji did not appear; nor did he take any steps. Accordingly the case was taken up for ex-parte hearing. The union examined the two workmen and also exhibit a certified copy of an entry of the Trial Register in the Court of Magistrate, Asansol, marked exhibit A. The evidence of these two workers and Ext. A prove that Jogendra Singh and Sankar Ram were respectively the conductor and the driver of Bus No. W.G.H. 1242 belonging to Shri Amar Nath Bhattacharji, the former

getting a monthly pay of Rs. 40 plus daily food allowance at the rate of Rs. 2/8 and the latter a monthly pay of Rs. 60 plus Rs. 3/8 per diem as food allowance.

The evidence of the two workers further prove that on 28th December 1963 they have both reported for duty in the bus but Shri Bhattacharji had not allowed them to join their duties on the false plea that he (Shri Bhattacharji) had given the bus to somebody else. These two workers were in service under Shri Bhattacharji from several years prior to 28th December 1963 and there is no material to justify the summary termination of their service by Shri Bhattacharji. In his written statement Shri Bhattacharji has no doubt stated that these workers had, of their own accord, left their service under him but as he did not appear on the date of hearing, to prove this case against the workers, it must be held that he has no ground to oppose the union's prayer for reinstatement of the workers. Both the workers must accordingly be reinstated to their former posts with back wages.

As it has been proved by the evidence of the two workers that their pay for 1962 and 1963 are in arrears Shri Bhattacharji must be directed to pay their arrears for these two years.

In view of the foregoing discussions and findings the union's prayer for reinstatement of the two workers with back wages and for payment to them their arrear salaries for 1962 and 1963 up to 27th December 1963 must be allowed. Within a month from the date of publication of this award in the "Calcutta Gazette", Shri Bhattacharji must reinstate these two workers to the posts they were holding under him on 28th December 1963, pay them their arrears pay for 1962 and 1963 up to 27th December 1963, and also their legitimate dues, viz., their monthly pay since 28th December 1963

This is my award.

STATEMENT OF OBJECTS AND REASONS

The University Grants Commission Act, 1956, was passed by Parliament to make provision for the co-ordination and determination of standards in Universities and for that purpose to establish a University Grants Commission. In the years following the passing of that Act, the field of higher education in the country has been considerably enlarged with the corresponding increase in the responsibilities of the University Grants Commission. Experience of the working of the Act in these years has also revealed certain lacunae and shortcomings therein and the need has been felt for widening the scope of the organisation and functions of the Commission.

2. This feeling was reinforced by the recommendations made in July, 1964 by the Committee of Members of Parliament set up under the Chairmanship of Shri P. N. Sapru to examine the provisions of the Constitution regarding the responsibility of the Central Government in the field of higher education with a view to finding the extent to which the Centre could assume greater responsibility in this field. The Committee, amongst other things made some recommendations regarding reorgainisation of the University Grants Commission. The Commission was thereafter consulted about the question of its reorganisation in general, and the recommendations of the Sapru Committee in particular.

3. The present Bill seeks to amend the University Grants Commission Act, 1956, on the basis of the past experience of the working of the Act as well as the recommendations of the Sapru Committee and of the Commission itself. The main features of the Bill are :—

(*a*) The number of members of the Commission will be increased from 9 to 12 with two full-time members, namely the Chairman and the Vice-Chairman.

(b) Serving Vice-Chancellors and Heads of institutions which are entitled under the Act to receive grants from the Commission will be excluded from the membership of the Commission.

(*c*) The Commission will be empowered to give assistance to the non-Central Universities for the maintenance of their special activities like the Advanced Centres.

(*d*) The Commission will be empowered to withhold grants to any University established without the prior consent of the Commission and the Central Government.

(*e*) The Central Government will be empowered to make rules regarding delegation by the Commission to its Chairman and other officers, of its power of general superintendence and direction over the business transacted by or in the Commission including the powers with regard to the office expenditure, and other matters relating to the internal administration, of the Commission.

NEW DELHI ;
The *1st April, 1966.*

M C CHAGLA

FINANCIAL MEMORANDUM

Clause 2 of the Bill contemplates an increase in the number of members of the University Grants Commission from nine to twelve including one whole-time member, namely, the Vice-Chairman.

Clause 4 of the Bill empowers the Commission to give continued assistance to the Universities in such measures and for as long as is considered necessary for maintenance of special activities of the Universities like the Advanced Centres. At present the Commission is competent to give only developmental grants to State Universities.

2. Extra expenditure on salary, allowances etc. of the additional full time member, *viz.*, the Vice-Chairman, will be of the order of about Rs. 36 000 per annum Some extra expenditure would also be involved on the travelling and daily allowance of the other two additional members of the Commission who would be required to attend meetings of the Commission.

The extra expenditure, which is likely to be involved on account of assistance which the Commission may render for maintenance of special activities of the Universities, cannot be estimated at this stage.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 5 of the Bill empowers the University Grants Commission to make regulations with the previous approval of the Central Government regarding the delegation by it to its Chairman, Vice-Chairman or other officers, of its powers of superintendence and direction over the business transacted by or in the Commission, including the powers with regard to the expenditure incurred in connection with the maintenance of the office and internal administration of the Commission.

2. This provision is proposed to be inserted with a view to enabling the Commission to delegate to its Chairman and other officers such of the abovementioned powers as it may consider necessary. Experience has shown that the activities of the Commission have been hampered by the fact that all the powers are at present concentrated in the Commission, as a whole, which meets periodically.

3. These matters pertain to procedure, form or detail and as such the delegation of legislative power is of a normal character.

GOVERNMENT OF WEST BENGAL

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATION

No. 7-I.—19th May 1966.—The following Draft of Rules and Schedule of Rates and Appendices which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor proposes to make for the supply of water under the Mahadev Sinan Bundh Irrigation Scheme in the district of Bankura, are hereby published, as required by the proviso to section 99 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 17th July, 1966, and any objection or suggestion with respect thereto which may be received by the undersigned before that date shall be duly considered.

DRAFT RULES, SCHEDULE OF RATES AND APPENDICES

Leases for Kharif Irrigation

1. The country served by the canals of the Mahadev Sinan Bundh Irrigation Scheme in the district of Bankura shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Cannal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for a *Kharif* irrigation may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4 The Superintending Engineer shall, from time to time, fix the gross area (i.e., the total area) for which and the limits of the canal within which, leases for *Kharif* irrigation may be granted.

5. Maps of all villages in which lands have been brought under lease, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps are to be at scale 23"-1 mile (F.P.S. scale map to be replaced by maps on corresponding metric scale).

6. The preliminary application for a lease for a *Kharif* irrigation either new or for renewal, shall be in writing in the prescribed form given in Appendix I to these rules to be obtained from the Subdivisional or Sectional Canal Office. It may be presented and shall be received either at the Subdivisional or at the Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5. On receipt of the approval of the Divisional Canal Officer, the Subdivisional Canal Officer shall approach the Officer-in-charge of revenue collection work for the purpose of obtaining the detailed assessment and the latter shall in due course intimate the result of such assessment to the Subdivisional Canal Officer.

7. The Officer-in-charge of revenue collection work on being approached by the Subdivisional Canal Officer shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* be not available, the amin shall make a sketch map and shall measure the areas of the holdings with a chain or measuring rod.

8. When the amin has completed the *khasra* he shall forward it to the Officer-in-charge of revenue collection work who shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Divisional Canal Officer he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval under intimation to the Officer-in-charge of revenue collection work.

The Subdivisional Canal Officer shall then prepare a khatian or abstract of the *khasra*, and shall have the form of application given in Appendix II to these rules, filled up and signed or marked by each of the applicants.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given in Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer. The Subdivisional Canal Officer shall then hold a local enquiry, regarding the statements of the persons who decline to sign the application and record his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign the application or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when the lands of the cultivators of the block who have signed the application are not less than 95 per cent. of the net irrigable area of the block. If, in special case it is desirable to grant a lease even though the lands of the cultivators of the block who have not signed the application are more than five per cent. of the net irrigable area of the block, the Superintending engineer may grant the lease by a written order, giving reason for the grant of such lease.

Leases for Rabi Irrigation

11. Applications for leases for supply of water for *Rabi* Irrigation to irrigate spring rice or other crops between the 16th November and the 15th June may be presented at Subdivisional Canal Officer or to the Sectional Officer. They shall be in the form given in Appendix IV to these rules.

In the applications the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix V to these rules shall be granted by the Subdivisional Canal Officer if he is able to supply the water for such irrigation.

Supply of water

12. The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

13. No water shall be supplied to any lands except such as have been brought under lease for *Kharif* or for *Rabi* irrigation.

14. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such supply to each lessee as may be necessary for the lands noted in the lease. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

15. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water rates

16. The rates due for water supplied shall be collected by the Officer-in-charge of revenue collection work through tahsildars and other staff. All *khatians* or demand statements shall be signed by the Officer-in-charge of the revenue collection work after scrutiny in his office.

17. Each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Officer-in-charge of revenue collection work for the purpose.

18. Each person on paying the amount due from him shall be given a receipt in the form prescribed for the purpose.

19. For the purposes of account and control over establishment and of general administration, the Officer-in-charge of revenue collection work shall be directly under the Additional District Magistrate, Estate Acquisition, of the district. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Officer-in-charge of revenue collection work shall also be subject to the control of the Additional District Magistrate, Estate Acquisition, of the district.

Unauthorised use of water and waste of water

20. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), proceedings shall be instituted only under the direct order of the Divisional Canal Officer. The primary record of the facts regarding unauthorised use or waste of water shall be made by the Subdivisional Canal Officer or his subordinates. The parties reported to be using water in an unauthorised way or wasting water shall be called upon to show cause why they should not be assessed for payment of water-rates. The record of their statements shall be made by the Divisional Canal Officer, or by the Subdivisional Canal Officer, as the case may be. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reason for or against assessment, both as regards the facts and as regards the law, and he shall determine the rate to be charged subject to the povisions contained in the Schedule of rates attached to these rules.

21. Should the Divisional Canal Officer decide that assessment should be made, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him and an abstract of the demand or *khatian* shall be sent to the Officer-in-charge of the revenue collection work, who shall then proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the statement of the dues shall be furnished to the person assessed and the date shall be endorsed on the said statement.

22. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a canal officer or any officer subordinate to the canal officer employed on the canal. During *kharif* irrigation the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and applications

23. All complaints or applications with respect to the supply of water, defective drainage or administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Office.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

When such complaints or applications are presented to the Sectional Canal Officer, he shall forward the same to the proper office.

24. All complaints or applications with respect to correctness of the assessment shall be received at the office of the Officer-in-charge of the revenue collection work.

25. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

26. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or nominate in writing some responsible person to hold the enquiry.

27. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complaint or the applicant.

The copy of the order may be sent by registered post, if this is convenient.

The period within which an appeal may be presented under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the copy of the order is received by the person.

28. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

29. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alteration of demand

30. Wherever the crop on land entitled to supply of water suffers material injury from insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Collector on the recommendation of the Divisional Canal Officers, provided that the person claiming remission has applied for such remission not less than fifteen days before the reaping of the crop.

31. Should the crop on lands under lease either for *Kharif* or for *Rabi* irrigation suffer material injury from excess of water due to deficient drainage, the Collector, on the recommendation of the Divisional Canal Officer, may grant remission for that year of the rates due on such lands in whole or in part, provided that the person asking for remission has applied for such remission at least fifteen days before the reaping of the crop.

32. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Collector.

33. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by charges in the occupation of lands shall be made under the orders of the Officer-in-charge of the revenue collection work, provided that no change involving any increase or decrease in the total area under lease shall be made, without the concurrence of the Divisional Canal Officer.

34. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under special orders of the State Government.

35. The writing off of those demands which are reported, after enquiry by the Divisional Canal Officer or the Officer-in-charge of the revenue collection work, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death or owing to the defaulter having absconded may be sanctioned by the Collector, Commissioner of the Board of Revenue, as the case may be, subject to the monetary limits fixed by the Board of Revenue.

Cultivators' representatives

36. Whenever the application for lease for *kharif* irrigation has been approved by the Divisional Canal Officer, the Officer-in-charge of the revenue collection work shall, with concurrence of the Subdivisional Canal Officer, select as representative or representatives of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

37. The person or persons so selected shall be required to give assistance to the Canal Officers or the Officer-in-charge of the revenue collection work in respect of the following matters, namely:—

(i) in the preparation of applications for leases;

(ii) in the measurement of irrigated lands;

(iii) in recording the names of the occupiers of the holdings;

(iv) in receiving demand statements and distributing to the cultivators the individual notices of assessment;

(v) in attending, when required, at enquiries into complaints;

(vi) in reporting to the Junior Land Reforms Officer any changes in the occupancy of lands under lease; and

(vii) in assisting the tahsildar in collecting rates.

38. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 *per cent* of the area assessed. The Divisional Canal Officer may disallow in whole or in part this free irrigation, and may issue order to recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 37 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

39. The Divisional Canal Officer and the Officer-in-charge of the revenue collection work shall maintain in their respective offices a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

40. Applicants for lease for Rabi irrigation shall from among themselves nominate one having a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 37 and shall be entitled to free irrigation in the same terms and conditions as mentioned in rule 38.

Power to decline or cancel leases

41. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be declined or cancelled with effect from the 1st of July next following. The order to decline or cancel a lease shall be passed before the 1st April of the year in which it is to take effect.

42. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistant difficulty in realising the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease if on the 1st June of any year water-rates to be extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

48 When tanks which are used both for irrigation and domestic purposes are filled with canal water, without injury to the cultivation dependent on a canal, a charge at the rate of five rupees shall be made for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied.

Issue

Whether the termination of service of the following workmen is justified ? To what relief, if any, are they entitled ?

(i) Shri Santi Ranjan Kar.
(ii) Shri Nitai Chandra Das.
(iii) Shri Tarapada Paul.
(iv) Shri Anil Das.

In pursuance of notices issued from this Tribunal, parties appeared and filed their written statements.

In the written statement filed on behalf of the union, it has been stated that Messrs. Martin Burn Ltd. (hereinafter referred to as the company) has a Building Department which undertakes for erecting building. The said Building Department has a regular flow of such building contracts and the workers attached to that department have long years of continuous service. About 35 workmen of the said Building Department who are designated as Concrete Mixture Driver and Helper doing skilled and semi-skilled work respectively, formed a Trade Union of their own and got the same registered under Trade Union Act, 1926, in the name of Martin Burn (Building Department) Drivers' Union on 21st September 1960.

Soon after the said union was formed Shri Santi Ranjan Kar, the Secretary of the union with 10 years' service was discharged on 10th October 1960 without assigning any reason. On 28th October 1960 a charter of demands for the workers was placed by the union and soon thereafter the company terminated the services of Shri Netai Chandra Das, Treasurer of the union (10 years' service), Shri Tarapada Paul (12 years' service) and Shri Anil Chandra Das (10 years' service), both members of the Executive Committee of the union on 7th April 1961, 3rd April 1961 and 19th April 1961 respectively without assigning any reason. The union took up the cause of these four workers and approached the Labour Department of the Government of West Bengal. Conciliation proceedings were taken but as no conciliation could be effected this reference has been made to this Tribunal. Union contends that dismissals of the four workmen were improper, illegal, unjustified and mala fide and that the company had terminated their services to crush the union by following a course of victimisation and presses for their reinstatement with full back wages for the period since the date of their temination of service.

In the written statement filed on 19th September 1964 the company denied the union's allegations that to crush the union it had terminated the services of the four concerned workmen and stated that the employment of these workers was casual and automatically came to an end on the completion of specific job for which they were engaged. Company stated further that the staff working under the Building Department comprises (1) Head Office Staff, (2) Outdoor Supervisory Staff and (3) Job site workmen. Staffs mentioned in (1) and (2) are recruited in the Head Office on a permanent basis and the job site workmen are recruited at site i.e. where construction work takes place and their number varies with the volume and narure of the work. These job site workmen consist of Amin Mistries, masons mazdoors, carpenters, vistys, concrete mixer drivers and helpers and various other types of workers, the services of whom are considered necessary for execution of the work at the site. The employment of these workers are made for a specific job on completion of which or in the nature of things when their services are not necessary their services automatically come to an end and under their conditions of employment they cease to be the employees of the company unless and until they are recruited again on a fresh job which is done on the same terms and conditions as before. The four concerned workmen were all job site workmen and their services automatically terminate on completion of the jobs for which they were engaged. The company therefore contends that the union has no case for reinstatement of these four workers.

It will appear from the evidence of P. W. 1 Shri Ajit Kumar Ghosh that the four concerned workmen Shri Shanti Ranjan Kar, Shri Netai Chandra Das, Shri Tarapada Paul and Shri Anil Chandra Das were concrete mixture machine drivers under the company and it is not disputed that since 10th October 1960, 7th April 1961, 3rd April 1961 and 19th April 1961 respectively they are no more in the employment of the company. In its written statement filed the union has complained that the services of these Mixture Drivers were terminated by the company on 10th October 1960, 7th April 1961, 3rd April 1961 and 19th April 1961 respectively without assigning any reason, for their forming a trade union of the Concrete Mixture Driver and Helpers of the company and for placing a charter of demands. Company denied that it had terminated the services of these four workmen on the dates mentioned by the union and submitted that all these four workmen were job-site workmen recruited on the basis of "no work no pay" for particular jobs and that their employment had automatically come to an end on the completion of the jobs on dates mentioned by the union as the dates of the termination of their service, for which they were recruited. These workers were, according to the company, casual workers and were not in continuous service as stated by the union in its written statement filed. To establish this case, company examined two of its Engineers viz., its Resident Engineer Shri Madan Mohan Bhattacharji (D. W. 1) and Shri Samir Kumar Chatterji (D. W. 2) another Engineer. In support of this case the company also relied on the evidence of P. W. 1 Shri Ajit Kumar Ghosh. As against this oral evidence on behalf of the company, this Tribunal has the evidence of Shri Ajit Kumar Ghosh, Shri Shanti Ranjan Kar and Shri Netai Chandra Das, examined as witnesses on behalf of the union. On the evidence of all these witnesses, this Tribunal will have to decide whether the four concerned workmen were in continuous service as stated by the union or were casual workers recruited for particular jobs as alleged by the company.

In course of his evidence before this Tribunal Shri Madan Mohan Bhattacharji stated—"Quay Servicing job was started in 1959 and completed in 1963. The job-incharge was first Shri S. K. Sarkar and then Shri P. K.

Banerji and after him Shri S. K. Chatterji. I used to superintendent that quay servicing job at Kidderpore. I know Santiranjan Kar as Mixture Machine Driver. We completed 4 births on the western bank of the Dock but immediately after completion of the four births the Port Commissioner did not allow us to take the works on the eastern bank. So, we were allowed after six weeks. When we actually took up the work in the eastern bank, Santiranjan Kar was not available on the job-site. It is not correct to say that Santiranjan Kar's service was terminated because of his trade union activities. There was no such occasion for Santi Ranjan Kar to complain to me that he was not given a job even though reported at the job-site. This witness has also stated under what circumstances the services of Shri Anil Das and Tarapada Paul as Concrete Mixture Drivers of the company had come to an end. This portion of his evidence I will consider when I will deal with the cases of these two workmen. But this much must be stated here that in his evidence before this Tribunal this witness has not made any statement indicating that any of the four concerned Concrete Mixture Drivers was casual workers of the company recruited for a particular job undertaken by the company on the basis of "no work no pay" principle as stated by the company in its written statement filed. The other Engineer Shri Samir Kumar Chatterji also made no statements regarding these points. As these two Engineers were the only witnesses examined on behalf of the company it must be said that oral evidence adduced by the company before this Tribunal was not sufficient to make out the company's case that the concerned workmen were merely job-site workers recruited for particular jobs and that with the completion of the jobs their services as Mixture Drivers had automatically come to an end. This lacuna in the evidence on behalf of the company was, however, removed up by the evidence of P. W. 1 Shri Ajit Kumar Ghosh in cross-examination where he stated "I am a permanent employee". The Charter of Demands included making of the Mixture Machine Drivers and Helpers being made permanent. At that point of time, there was 19 Mixture Machine Drivers and 12 Helpers in the employ of the company. I was made permanent in 1965 and previously deposed before the Tribunal in the previous case. In 1960 myself and Paresh Singh had been enjoying festival holidays and other facilities available to Head office employees so long we remained attached to Entally Workshop under the Head Office as indoor officers. We used to get wages at monthly rates. We were not given appointments at different job-sites. The other Mixture Machine Drivers and Helpers were given appointments on job-sites and on the completion of particular jobs, they were asked to go to another job if available, and to take appointments there; if there is no job available on the completion of the job where they worked then they used to sit idle. It was not always possible for all the 29 workmen to have continuous work, sometimes they had to remain idle without pay. The case referred to by this witness in his cross-examination was reference in case No. VIII-157/62 under section 10 of the Industrial Disputes Act before this Tribunal. The award as passed in that case was published in the "Calcutta Gazette", dated 11th March 1965. A copy of the award as passed in that case was filed in this case and it will appear from this award that one of the issues for adjudication in that case was permanency of Concrete Mixture Drivers and Helpers. As a result of award only four of the Concrete Mixture Machine Drivers were made permanent. In this award the other Mixture Drivers and Helpers were held job-site workers of temporary group and this award was signed on 12th February 1965. The present order of reference was received in this Tribunal on 2nd May 1964. At that point of time, the earlier case for making all the Concrete Mixture Drivers and Helpers permanent, was pending for adjudication before this Tribunal, but the award that has ultimately been passed in the case, cannot be reconciled with the union's contention in this case that the four concerned workmen were all along till the termination of their services by the company in continuous service of the company. Rather the award supports the company's contention that all these four concerned Engine Drivers were job-site workers recruited on temporary basis. This case of the company also gets substantial support from the extract of the evidence in cross-examination of P. W. 1 quoted above.

Shri D. L. Sen Gupta, union's representative in this case has in his argument before this Tribunal, made adverse comments on this evidence of P. W. 1 and submitted that as a result of the award passed in the previous case, this witness has been made permanent, he could not venture to go against the company for fear of losing his permanent job and has to oblige and help the company, made all these statements, knowing fully well that they were all false. These suggestions given by Shri Sen Gupta for P. W. 1's deposing adverse to the interest of the concerned workmen, were not substantiated by any material on record and this Tribunal finds no reason why the statements of P. W. 1 as quoted above should be disbelieved. This P. W. 1 Shri Ajit Kumar Ghosh is the President of the union from the very beginning and has in his evidence-in-chief made statements sufficiently indicating that the four concerned workmen have been removed from service by the company because of their trade union activities. There cannot, therefore, be any reason to disbelieve what he has said in cross-examination regarding the nature of the employments of the concerned workers. Moreover, his evidence in cross-examination indicating that the services of these four concerned workers were of temporary nature is also borne out by the award passed in the earlier case, and his evidence fully substantiates the company's assertions that Mixture Drivers and Helpers including the concerned four workmen were always appointed on temporary basis for particular jobs and their appointments have always automatically come to an end with the completion of that job. Notwithstanding the contrary evidence of Santi Ranjan Kar and Netai Chandra Das, two of the concerned workmen it must, therefore, be held that the concerned workers were never in continuous service of the company but were merely job-site workers recruited for particular jobs as and when necessary and that the tenure of their appointment depended on the job. They were casual workers and their services automatically came to an end with the completion of the jobs, for which they were recruited. It is true that Shri Santi Ranjan Kar has in his evidence before this Tribunal, given a list of the constructions for which he has worked as a Mixture Driver of the company, but there is nothing in his evidence indicating that his service under the company was continuous. It is common knowledge that the services of the Concrete Mixture Machine Drivers are

needed only at certain stages of construction work and for a definite period. In other words, in construction works, services of Mixture Machine Drivers are required casually and not continuously. Such being the nature of work of the Concrete Mixture Machine Driver Netai's working as such driver in connection with the construction referred to by him in his evidence before this Tribunal cannot lead to the inference that he was in continuous service of the company, or was a permanent hand of the company. The company certainly is a big building contractor, but as the contracts for the construction of the building do not ipso facto flow to the company, but have to be secured by the company after submitting necessary tenders, company's requirements for Concrete Mixture Machine Driver must vary accordig to the contracts secured by it. Considered from this aspect also Santi's being engaged in a number of constructions, cannot lead to the conclusion that he is a permanent employee of the company. The evidence of the other Mixture Machine Driver viz., P. W. 3 Shri Netai Chandra Das also cannot indicate that he (Santi) or any of the other two concerned Mixture Machine Drivers was in continuous service. It must accordingly be held that the evidence as adduced by the union is absolutely insufficient to establish his case that the concerned workers were in continuous service under the company. Mainly on the evidence of Santi Ranjan Kar and Netai Chandra Das the union relied, in support of its contention that up to the dates mentioned by it in its written statement filed as the dates of termination of their services the concerned Mixture Machine Drivers, they were in continuous service. But the evidence of these two witnesses was too meagre and insufficient for establishing this case of the union. As it is both parties case, that nothing in writing showing the nature of the works or the conditions of their service under the company was given to the concerned Mixture Machine Drivers at the time they were engaged by the company, the union could not produce any document to substantiate this case. It solely relied on oral evidence but as already indicated above the evidence could not substantiate the union's case that these Machine Drivers were in continuous service of the company. It must accordingly be held that the concerned Concrete Mixture Machine Drivers were only causal employees of the company and were not in continuous service as pleaded by the union. The award passed in the earlier reference case between the company and its workers referred to in this award also supports this view. In the award it was also held that all these workers were only job-site workers of temporary group. If, therefore, the services of these four workers have automatically come to an end with the completion of the job in which they were engaged and were not terminated by the company as has been alleged by the union, this Tribunal will not be able to give the workers any relief in this case.

It is both sides' case that since 10th October 1960, 7th April 1961, 3rd April 1961 and 19th April 1961 respectively Shri Santi Ranjan Kar, Shri Netai Chandra Das, Shri Tarapada Paul and Shri Anil Chandra Das were not under the employ of the company and the company has led evidence through its two Engineers—D. W. 1 and D. W. 2 that they were no longer since the date under the employ of the company in the job in which they were working had been completed. In an earlier part of this award I have referred to some portion of the evidence of D. W. 1 Shri Madan Mohan Bhattacharji, and stated there that in his evidence this witness said that Netai was engaged in Quay Servicing Jobs started in 1959 at Kidderpore Dock, and that they had to suspend the job after four births on the western bank of the Dock had been completed as the Port Commissioners had not allowed them to take the works on the eastern bank. He stated also that the work was resumed on the eastern bank after six weeks' suspension but then Santi Ranjan Kar was not available on the job-site. In course of his cross-examination Shri Santi Ranjan Kar stated that he was doing quay servicing job at Kidderpore when he was discharged and that that job was not then completed. From the evidence of Santi Ranjan Kar and D. W. 2 it is thus evident that Santi was engaged as an Engine Driver in the Quay Servicing Job at Kidderpore and his services under the company had come to an end even before the completion of the job. It was argued on behalf of the company that as the Quay Servicing Job at Kidderpore was kept suspended for some time after the completion of works on the western bank, Santi should have gone to the site viz., Dock during the period the work was kept suspended and should have reported for duty when the work was resumed on the eastern bank, and that he not having done so, the company was fully justified to appoint another Machine Driver in his place when the work on the eastern bank was commenced. That Santi himself had not made enquiries to ascertain when the work on the eastern bank would be taken up and had not also reported for duty when the work was actually commenced is also evident from Santi's own evidence before the Tribunal. As there is no reason to disbelieve D. W. 1's statement that the Quay Servicing Job had been suspended after the works of the western banks had to be completed because of the attitude taken by the Port Commissioner and that the work on the eastern bank was started after six weeks suspension of the job and Santi had not reported for duty when the job was resumed, it must be held that the company had ample justification to discontinue his evidence even before the completion of the job. This Santi was only a job-site worker, and he should have reported to the company when the work was under suspension or at least when it was resumed. He not having done any of those things, the union can hardly contend that the company was not justified to discontinue his service even before the completion of the Quay Servicing job. In this view of the matter, no relief can be given to Shri Santi Ranjan Kar.

Next, I take the case of Shri Netai Chandra Das. In course of his cross-examination Shri Netai Chandra Das has said that at the time of his discharge he was working at Hindusthan Building, and D. W. 2 Samir Kumar Chatterji, an Engineer of the company has also in his examination-in-chief admitted that Netai had worked as Concerete Mixture Machine Driver under him in the construction of the Hindusthan Building. This D. W. 2 stated further that in April 1961 the work of mixing for the construction of the Hindusthan Building Annexe was over and that as Engineer-in-charge he had given to the company a completion report of the work of Mixture. This letter referred to by this witness D. W. 2 is Ext B in the case. This letter also refers to a proposed further extension of the building,

and in his evidence Shri Samir Kumar Chatterji stated that the contract of the construction up to the 5th floor level of the building, was job No. 1 and that Netai had worked under him as a Concrete Mixture Machine Driver in this job. Shri Chatterji also said that he discharged Netai on 16th April 1961 as there was no further work for the Concrete Mixture Machine Drivers and that the contract for this job was completed and the building was handed over on 30th June 1961. This Annexe was constructed for the L. I. C. (vide Ext. A/1), and by its letter, dated 10th June 1961, the L. I. C. was placing another order to the Chief Engineer, Messrs. Martin Burn Ltd., to give them possession of the 1st, 2nd, 3rd, and 4th floors including Central Staircase and Main Entrances of the building on 15th June 1961 without fail. In the context of this letter of L.I.C. to the Chief Engineer, Martin Burn, D. W. 2's evidence that on 30th June 1961, they had handed over the building to L. I. C., cannot be disbelieved. Netai's services as Mixture Machine Driver terminated on 16th April 1961 i.e. before the completion of job No. 1, and this was according to D. W. 2 Shri Chatterji, due to the fact that after 16th April 1961 there was no work of Concret Mixture Machine Driver engaged for job No. 1. If this statement of Shri Chatterji that after 16th April 1961 Mixture Machine Drivers had no work in connection with the construction of the Building, was correct, the union auld have no grievance for discharge of Netai on 13th April 1961 as he was a temporary hand. Both the union's witnesses P. W. 2 Shri Santi Ranjan Kar and P. W. 3 Shri Netai Chandra Das, have said that the company had terminated Netai's services before the completion of the construction of the Hindusthan Building. They also alleged in their evidence that after the discharge of Netai, company has taken one Suren Maity as Machine Driver in his place. This Suren Maity was not called as a witness for the union and D. W. 2 Shri Chatterji has categorically stated that Suren Maity had worked under him as Durwan in the construction of the Annexe under his charge. That this statement of Shri Chatterji regarding the nature of work of Suren Maity in the construction of the building was true, is evident from Santi's evidence in cross-examination : "Suren Maity was working in some other capacity in the L. I. C. building construction job. Suren Maity served as peon or durwan in that job. Subsequently after discharge of Netai he was given the job of a Mixture Driver." These statements of P. W. 2 no doubt indicate that after the discharge of Netai, Suren Maity was appointd in his place as a Mixture Machine Driver. As it is not however possible to believe that from a durwan Suren Maity was made a Mixture Machine Driver. This suggestion of the union cannot be accepted and relying on Shri Chatterji's evidence I hold that the company has discharged Netai when there was no more any work for the Mixture Machine Drivers. If, therefore, Netai was appointed only for job No. 1, namely, construction up to the 5th floor, his discharge on 13th April 1961 cannot be any instance of labour victimisation, as after this date he as Concrete Mixture Machine Driver had no work in connection with the construction of the building. The matter would, however, be different if further construction of the building was included in the job No. 1. Shri Chatterji has said that construction above the 4th floor was taken up after delivery of the building up to the 4th floor and was job No. II. That there was a break in the construction of the five storeyed structure of the building after construction up to th 4th floor, will be apperent from L. I. C.'s letter Ext' 1 (a) and for this gap it is not possible to believe that Mixture Machine Drivers engaged for the construction up to the 4th floor was retained by the company for construction above the fourth floor. The work of Mixtures for these two constructions was thus not continuous. If, therefore, some other Mixture Machine Driver besides Netai was engaged or costruction above the 4th floor, it cannot be argued that the company was not justified to discharge Netai after the completion of Mixing works for construction up to the 4th floor was over but should have retained him on duty for the future construction above the 4th floor. As it is proved by the evidence of Shri Chatterji these two jobs viz., Job No. I and Job No. II were different, services of Netai engaged for Job No. I, as Mixture Machine Driver, automatically came to an end with the completion of the job as he was a temporary hand and a job-site worker. After discharge from this job Netai did not approach the company for job No. II and the company had, therefore, ample justification to engage some other Mixture Machine Driver for Job No. II. In this view of the matter, union's contentions that the company had wrongfully terminated Netai's service in April 1961, cannot be upheld.

The other two concerned workers were Shri Tarapada Paul ad Shri Anil Das. Of these two workers Shri Tarapada Paul died during the pendency of the proceedings and Shri Anil Das was not examined as a witness for the union. Both these workers were also Mixture Machine Drivers of the company and D. W. 1 Shri Madan Mohan Bhattacharji has in his evidence said that these two Mixture Machine Drivers were employed in the construction of the Income Tax Building. The concrete work of this building was according to D. W. 1, completed in the middle of April 1961 and no competent witness on behalf of the union was examined to challenge this statement of Shri Madan Mohan Bhattacherji. As these two workers were also job-site workers of temporary group, company was perfectly justified to discharge them in the middle of April 1961 after the concrete work of the Income Tax Building was over. As proved by the evidence of Shri Madan Mohan Bhattacharji that they were appointed for the Income Tax Building, their services as Mixture Machine Drivers in connection with the construction of the building automatically came to an end when concrete work of the building was over. The union's contention that these two Mixture Machine Drivers have also been victimised by the company for their trade union activities, cannot also therefore be upheld.

All the four concerned workers were Mixture Machine Drivers of the company. But it has not been established that any of them was a permanent staff of the company. They might have been engaged in various building constructions undertaken by the company, but there is no evidence indicating that immediately after the finish of one work they were detailed for another job. Stated in other words, there is no evidence indicating continuity of their service under the company. Rather the evidence of the two Engineers and P. W. 1 establish that they were appointed for particular jobs,

and that their services under the company automatically had come to an end with the completion of the concrete work in their job. Their evidence further proved that after the completion of the job, these workers had to depend on the company for another job. When, therefore, the company has established that it had discharged Shri Netai Chandra Das, Shri Tarapada Paul and Shri Anil Das after completion of the concrete work in which they were engaged in April 1961 and Shri Santi Ranjan Kar had not reported for duty when the Quay Servicing Job in which he was engaged, was resumed in October 1960. It must be held that the union has no case for re-instatement of these workers, all job-site temporary workers. In view of the foregoing discussions and findings, the union's prayer for reinstatement of the concerned workers to their former posts with back wages is over-ruled.

This is my award.

On being served with notices of the reference, the parties appeared and filed their respective written statements in due course. After necessary preliminary proceedings and some inevitable adjournments, the case was finally fixed for hearing on 23rd May 1966. On that date, the parties filed a joint petition of compromise setting out the terms upon which the whole dispute had been amicably settled and praying for a compromise award on those terms.

I have considered the terms of compromise. The compromise covers all the issues referred for adjudication. The terms appear to be quite lawful, reasonable and fair. I am also satisfied that there has been a bona fide settlement of the whole dispute in terms of the joint petition of compromise. Accordingly, I would make a compromise award, as prayed for.

In the result, I make a compromise award in terms of the joint petition of compromise, a copy whereof is made a part of the award as an Annexure.

ANNEXURE

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Shri S. K. RAY, Judge.

In the matter of an industrial dispute under Government of West Bengal, Labour Department, order No. 1242-I.R./IR/10L-56(A)/64, dated the 24th March 1964

Between

Messrs. India Automobiles, 2 Justice Chandra Madhab Road, Calcutta-20 (to be hereinafter known as 'Company')

And

Their workmen, represented by the Engineering Mazdoor Union, 3/113 Gandhi Colony, Calcutta-40 (to be hereinafter known as 'Union').

The humble joint petition of compromise between the company and the union abovenamed—

Most respectfully sheweth :

1. That the above case has been compromised between the parties on the following terms and conditions :—

Regarding Issue Nos. 1 and 2 : That the company and the union agree that the workmen and the staff of the workshop will be given increment in the manner as mentioned in Annexure 'A' enclosed with this petition. So far as future increment is concerned the same will be governed by the grades as mentioned in Annexure 'B' both for the staff and workmen every year.

That the dispute regarding increment in wages and salary for the three years 1961, 1962 and 1963 is thus settled between the parties once for all and the union will not have any futher claim for the aforesaid past three years, viz. 1961, 1962 and 1963 and the said settlement is also without prejudice to the rights and contentions of the union regarding the other cases now pending before the seventh Industrial Tribunal of West Bengal.

It should however be clearly understood between the parties, that if under the Omnibus Engineering Tribunal of the Seventh Industrial Tribunal, there is greater increase of wages than what is prescribed under this Agreement, the company will give increment only to the extent of difference in wages under the said award i.e. only the balance will be paid for the purpose of bringing the wages scale to the level of the omnibus award.

Regarding Issue No. 3 : That the union does not press the issue. Issue should be treated as dropped.

Under the circumstances most humbly pray that Your Honour will be graciously pleased to accept the above terms of compromise as just and fair and pass an award in terms thereof making this compromise petition as an Annexure to the same.

And your petitioners as on duty bound shall ever pray.

AWARD

These three applications under section 33A of the Industrial Disputes Act, 1947, filed by three groups of workers of Messrs. East India Paint and Chemical Works Ltd., complaining of contravention of the provisions of section 33 of the Industrial Disputes Act by their common employer, were taken up for analogous hearing at the instance of the parties and for the sake of convenience

Their common case, in brief, is that during the pendency of the proceeding under section 10 of the Industrial Disputes Act, in which all the workers of the company were interested, they have been laid off from 29th June 1965 and are being paid only half wages. The lay-off is un-warranted and mala fide and they are entitled to full wages and the benefit of free tiffin valued at 0.75 paise per day for the period of lay off forced on them

The company entered appearance in all the cases and took time to file the written statement. Ultimately, however, no written statement was filed by the company. Instead joint petition of compromise signed by the Managing Director of the company, and Shri Panchanan Bhattacharji, President of the Macfarlane and Co. Workers' Union, and workers' representative—all the cases was filed on 12th May 1966 in the cases

The representatives were heard on the petitions of compromise. I have perused the terms and they appear to me fair and reasonable. I am satisfied that in all the cases the parties have settled their disputes on terms mentioned in the petition. Accordingly in each case compromise award on the terms mentioned in the joint petition filed in the case is passed. Petition of compromise filed in each case do form part of the Annexures of that case.

This award will govern all the cases.

This is my award.

AWARD

These three applications under section 33A of the Industrial Disputes Act, filed by three workers complaining of contravention of the provisions of section 33 of the Industrial Disputes Act by their common employer viz, Messrs. East India Paint and Chemical Works Ltd, during the pendency of a reference proceeding under section 10 of the Industrial Disputes Act between the company and its workers including the applicants were taken up for analogous hearing at the instance of the parties and for the sake of convenience.

In the petitions under consideration it has been stated that for their refusal to comply with the company's direction to sign declaration stating that they have no connection with the union, the worker Jiwdhan Jaiswara has been transferred to the lorry to work as a cooly and the other two workers to the Painting Department to work as a cooly. The worker in these departments is heavy, troublesome and deregatory and the transfer is entirely a new condition of service imposed on them. These transfers were effected during the pendency of a proceeding under section 10 of the Industrial Disputes Act between the company and its workers including the three complainants and the company has by thus changing the service conditions of the workers during the pendency of a proceeding under section 10 of the Industrial Disputes Act violated the provisions of section 33 of the Act. The workers pray for the re-transfer to their original departments.

The company entered appearance and filed written statement It did not deny the transfer of the workers as stated by them in the petition under section 33A but submitted that as all these workers were working as coolies before the transfer their transfer to the lorry and the Paint Department has not in any way changed the conditions of their service under the company On this ground company contends that the workers have no case for re-transfer.

After several adjournments the case was fixed for hearing on 7th April 1966 On that date the representatives of the union and the company appeared before this Tribunal and prayed for an adjournment on the ground that the cases would be compromised. The adjournment was allowed and on 24th May 1966 parties filed in each case a joint petitions stating that the case has been amicably settled between the parties on terms mentioned in the petitions and praying for award in terms of the settlement. I have perused the terms of joint petitions of compromise and also heard the representatives of the parties. I am satisfied that in each case the parties have settled their disputes on terms mentioned in the petition. Accordingly in each of the cases compromise award on the terms mentioned in the joint petition filed in the case is passed. Petition of compromise filed in each case do form part of that award. This award will govern all the cases.

This is my award.

If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

GOVERNMENT OF WEST BENGAL

LABOUR DEPARTMENT

ORDERS

No. 2477-I.R./IR/8L-20/65.—21st June 1966.—Whereas under the Government of West Bengal, Labour Department, order No. 2115-I.R./IR/8L-20/65, dated the 11th June 1965, the industrial dispute between Messrs. Mohini Textiles, Old Municipal Building Premises, P.O Panihati, 24-Parganas, and their workmen represented by Panihati Municipal Powerloom Workers' Union, Mahesh Banerjee Road, P.O. Panihati, 24-Parganas, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Mohini Textiles, Old Municipal Building Premises, P.O. Panihati, 24-Parganas, and their workmen represented by Panihati Municipal Powerloom Workers' Union, Mahesh Banerjee Road, P.O. Panihati, 24-Parganas. (G.O. No. 2115-IR, dated 11th June 1965). (VIII—141/65.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHARYA, M.A., LL.B.,
Judge, Fourth Industrial Tribunal.

For the workmen : Shri N. D. Srimani, Advocate.

For the company : Shri B. Mukherjee, Advocate.

The present proceeding arises out of a reference under section 10 of the Industrial Disputes Act. The parties are Mohini Textiles (hereinafter described as the company), Old Municipal Building Premises, P.O. Panihati, 24-Parganas, and their workmen represented by Panihati Municipal Powers Loom Workers' Union (hereinafter referred to as the union), Mahesh Banerjee Road, P.O. Panihati, 24-Parganas. The issue in the order of reference has been framed in the following words :

1. Is management justified in dismissing Shri Pasupati Singha ? To what relief, if any, is he entitled ?

The parties appeared in this case and submitted their respective written statements. In short, the case of the union is that Pasupati Singha, an operator of the company, was a leading member of the union. The union represents the workmen of several textile concerns including the company before us. Pasupati Singha submitted an application for leave to go to his native

village The leave was granted with effect from 16th May 1964. On the expiration of his leave Pasupati applied for extention of leave from his native village sent under registered post It was presumed that his leave was duly extended. During the period of extended leave Pasupati received a letter from the company dismissing him from service. The letter was not, however, signed by the Manager, or anybody else of the compary. On the expiration of his extended leave Pasupati went to resume his duties on 16th April 1964 but he was not allowed to join. On 17th June 1964 Pashupati gave a reply to the letter of dismissal. Subsequently, a representation was sent to the Assistant Labour Commissioner from the side of the union over the wrongful dismissal of Pashupati. It has been alleged by the union that the alleged dismissal is illegal, and improper and that it is a case of victimisation and unfair labour practice.

The company has challenged the allegations made by the union. In the written statement the company has stated that the union has no locus standi to represent the cause of the workmen and that the workmen had never espoused any dispute regarding the dismissal of Pashupati. It has been further alleged by the company that Pashupati never submitted any application for leave and that no leave was granted with effect from 16th May 1964 On 15th May 1964 Pashupati left the factory before time without any intimation and since then he had been absented himself without leave or information. The company waited for more than 10 days and ultimately it terminated the service of Pashupati by the letter, dated 26th May 1964. The story of extension of leave does not arise as no leave was originally granted It has been further stated by the company that due to inadvertance the letter, dated the 26th May 1964, was not signed but Pashupati replied to the letter. The story of victimisation and unfair labour practice has been denied. The company justifies the termination of service on bona fide and proper ground.

On the side of the union five witnesses have been examined while the company has examined three witnesses on its side. Several documents have been exhibited on both the sides.

At the time of hearing the first point raised on jurisdictional ground from the side of the company is that this was not an industrial dispute and that it was simply an individual dispute. The contention of the company is that this Tribunal has no jurisdiction to decide the reference as substantial or appreciable number of workmen have not been espoused the cause of Pashupati and that the union has not been authorised by the workmen to raise the present dispute. It has been further argued that the workmen of the company are not members of the union. On the side of the union it has been submitted that the workmen of the company are members of the union and that the union has been requested by the workmen to take up the cause of Pashupati. Admittedly, the present reference was made before the recent amendment and, therefore, I am, first of all to decide whether the present dispute is an industrial dispute. It is admitted by the parties that the recent amendment of the Industrial Disputes Act has no retrospective effect.

I will, therefore, first of all, consider whether the present dispute is an industrial dispute. The main question would be whether the union has locus standi to represent the workmen in the present dispute. On the jurisdictional point the union has particularly examined P.W.1, the General Secretary of the union and P.W.5, the President of the union. The relevant documents relied upon by the union in this connection are the letter of representation addressed to the union, Ext. 6, Annual Returns regarding the membership of the union, Ext. 8 series, and Membership Registers, Ext. 7 series. P.W.1, the Secretary of the union, has stated that at the time of making the representation, Ext. 6, there were 8 workmen in the company. He wants to say that Ext. 7, is the Membership Register of the Branch Unit of the union representating the workmen of Mohini Textile, Bangalakshmi and Bangasri. This Ext. 6 is dated 30th June 1964 alleged to have been signed by eight persons. First seven names have been serially numbered. It is stated in this document that the signatories requested the union to take necessary step against the dismissal of Pashupati. P.W.1 has stated during the cross-examination that except Dhupnarayan Singh, signatory No. 1, and Biren Dey, signatory No. 7, other signatories were not workmen of the company. At a later stage during cross-examination P.W.1 has further admitted that according to the Membership Register, Ext. 7, Biren Dey was not a member of the union in 1964-65. According to the evidence of P.W.1, out of eight workmen of the company, only one workman of the company, namely, Dhupnarayan Singh requested the union to espouse the cause of Pashupati in the representation, Ext. 6.

The union relies upon Exts. 7 and 7(a), the Membership Registers. At the very outset I must say on a single glance on these two documents that they will convince that they have been written at one sitting and by the same hand I will now consider whether these two documents can be relied upon the light of evidence adduced in the case and in the circumstances appearing before me. P W.1 has stated in reply to my question that there is an original register of membership with the date of entrance of the members and the date of payment of subscriptions There is also a separate khata according to P.W.1 noting the date of payment of subscriptions. P.W.1 has admitted that Ext. 7 is not used for the official purpose. He has clearly stated before me that for the purpose of this case the khata, Ext. 7, has been prepared to show the list of members About a month after the examination of P.W.1, P.W.5, the President of the Union, has been examined. He produced another Membership Register of the union, marked Ext. 7(a). This witness has stated that in the Membership Register the dates of admission of members are not noted. This is contrary to the evidence of P.W.1. The President has further stated that the date of admission will appear in the Register Book, meaning the subscription book This appears to be strange. He has stated that there is no book to show the dates of admission of members. This is curious still I have no manner of doubt in my mind to hold that the union has not produced the original membership register maintained by the union to show the list of members working in different companies lest it may go against it. Another fact is to be noted in this connection. Ext. 6 is dated 30th June 1964. The name of Biren Dey, one of the

signatories, does not appear in the Membership Registers, Ext. 7, and Ext. 7(a), as working in the Mohini Textiles. According to the evidence of the Union's Secretary, Dhupnarayan Singh was the only workman of the company who was a signatory to Ext. 6. This Dhupnarayan Singh has been examined as P.W.4. He does not say that he signed Ext. 6 or that he along with others made a representation to the union to support the case of Pashupati. No other workman of the company has been examined on the side of the union to prove that the workmen espoused the cause of Pashupati Singha.

The union wants to say that on some occasions it represented the workmen of the company in coming to mutual agreement over some disputes. O. P.W.1, is, Sakti Ranjan Dey who was the Manager of the company from July 1962 to August 1965. At present, however, he is not working in the company. He has stated that in one agreement between the Panihati Municipal Power Loom Workers, Union and Mohini Textiles, the manager gave his signature. He has clearly stated that in some matters the authority of the company had discussions with the union treating it as a representative body of the workmen. The union wants to say that when the company once treated the union as representative body of the workmen it shows that the union has authority to represent the workmen. I do not give any value to this contention. Simply because on some occasions or in some matter the company had discussions with the union treating it as representative body of the workmen or simply because in one agreement or two, the union was a party on behalf of the workmen, it does not mean that for all the time the workmen of the company will authorise the union to negotiate on their behalf over a dispute or that the company will treat the union as representative body of the workmen for all the time to come. In the present case it has not been proved before me by any reliable evidence that a single workman of the company, as an appreciable or substantial number of the workmen, were members of the union even if Dhupnarayan is accepted as a member or that any appreciable or substantial portion of the workmen authorised the union to take up the cause of Pashupati on their behalf. It has not been proved before me either that those workmen themselves were interested in the affairs of Pashupati or that they espoused the cause of Pashupati. Exts. 7 and 7(a) are specially prepared for the purpose of this case. They are unacceptable. Ext. 6, I do not accept as genuine document. At the time of evidence P.W.1 has clearly stated that only on the basis of the joint petition, Ext. 6, the union took up the cause of Pashupati. Ext. 6, cannot be called in any manner the representation made by a substantial or appreciable number of the workmen of the company, even on its face value. Moreover, as I have already indicated, I do not treat this document as genuine. I have given my best consideration to the facts and circumstances of this case and I have not the least hesitation to hold that the present dispute was not an industrial dispute. The workmen of the company did not espouse the cause of Pashupati. They did not request the union to take up their case. The union is not a representative body of the workmen of the company. I hold, therefore, that this is not an industrial dispute. This is merely an individual dispute, taken up by the union at the instance of Pashupati Singh himself and not by any other workmen of the company. P.W.1 has admitted that Pashupati approached him to take up the case of his dismissal. Pashupati himself has admitted that he approached the union after his dismissal.

In view of my findings that the present dispute is not an industrial dispute, my conclusion is that the present reference is not maintainable and that I have got no jurisdiction to decide the issue mentioned in the order of reference. As the jurisdictional point has been decided in favour of the company and against the union, I do not think that I should consider the case on merits relating to the alleged dismissal of the workman in question.

This reference is thus disposed of.

AWARD

These 3 applications under section 33A of the Industrial Disputes Act, filed by 3 group of workers complaining of contravention of the provisions of section 33 of the Industrial Disputes Act by their common employer, viz., Messrs East India Paint and Chemical Works Ltd, during the pendency of a reference proceeding under section 10 of the Industrial Disputes Act between the company and its workers including the applicants, were taken up for analogous hearing at the instance of the parties and for the sake of convenience.

In the petitions under consideration the workers—Shri Gouranga Makur and 2 others, Shri Ramujagir Koiri and 2 others and Shri Ram Achaibar Varma and 3 others complained that during the pendency of reference case No. 3783-I.R./IR/11L-205/64, dated 25th August 1964, before this tribunal the company has most illegally discharged them from service, as punishment for their membership of the East India Paint Workers' Union and has thus contravened the provisions of section 33 of the Act. The workers pray that they are entitled to reinstatement with full wages for the period of idleness forced on them.

In the written statement filed the company denied the workers' allegations that they had been discharged from service and submitted that as the workers are still in service, no question of their reinstatement or of company's violation of the provisions of section 33 of the Industrial Disputes Act, can arise

After the several adjournments the cases were fixed for hearing on the 23rd April 1966 On that date the representatives of the union and the company appeared before this tribunal and prayed for an adjournment, on the ground that the cases would be compromised The adjournment was allowed and on 24th May 1966 parties filed in each case a joint petition stating that the case has been amicably settled on terms mentioned in the petitions and praying for award in terms of the settlement I have perused the terms of the joint petitions of compromise and also heard the representatives of the parties I am satisfied that in each case the parties have settled their disputes on terms mentioned in the petition. Accordingly in each of the case compromise award on terms mentioned in the joint petition filed in the case is passed Petition of compromise filed in each case do form part of that award.

This award will govern all the cases.

This is my award.

The original reference was made to the First Industrial Tribunal, West Bengal, under the Government of West Bengal, Labour Department, order No. 2304-I.R./IR/11L-191/64, dated the 22nd June 1964 Subsequently, however, the Government by its Labour Department, order No. 4901-I.R./IR/11L-191/64, dated 9th November 1965 withdrew the proceedings from the First Industrial Tribunal and transferred the same to this Tribunal for disposal.

The case was ready for hearing when the parties prayed for several adjournments for coming to a mutual settlement Ultimately, however, on 20th May 1966 the parties appeared before me with a joint petition of compromise stating that the disputes between the parties had been settled by an agreement, dated 20th May 1966, a copy whereof was filed along with the petition. It was prayed that an award might be passed in terms of the agreement. AWARD

In this application under section 33A Industrial Disputes Act, the applicant, Shri Satya Narayan Singh, a workman of Messrs. J. Stone & Co. (India) Private Ltd., the company-opposite party, complained of alleged illegal and unwarranted alteration in the conditions of his service during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this Tribunal under G.O. No. 3537-I.R./IR/10L-97/62, dated 6th August 1962, in contravention of the relevant provisions of section 33 of the Industial Disputes Act.

The company appeared and filed its written statement in due course. The case was finally fixed for hearing on 31st May 1966. On that date, the applicant filed a petition stating that he had amicably settled the dispute with the company and consequently there was no dispute between him and the company requiring adjudication and praying for a 'no dispute' award.

I accept the applicant's petition for a 'no dispute' award as bona fide and accordingly I would make a 'no dispute' award as prayed for.

In the result, I make a 'no dispute' award in the case.

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Matriculation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para.(1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are hubmitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.
